

## EIGHT DROWNED WHEN MOTOR BOAT FOUNDERS

### BOAT IS ONLY SHORT DISTANCE FROM THE SHORE AND HELP NEAR

Victims Were Five Boy Scouts, One Scout Executive and Two Scout Masters—  
Last to Go Down Were Father and Son  
—Rescuer Was Within Fifty Feet of Them

(By The Associated Press)  
SOUTH BEND, Ind., March 25.—Eight persons, five Boy Scouts, a Scout executive and two Scout masters, all from this city, were drowned this afternoon in Magician Lake about ten miles northwest of Dowagiac, Michigan, when a steel motor boat which they occupied foundered in the rough waters of the lake.

The accident took place sixty rods from the shore after the party had left for an island in the center of the lake on which the Boy Scouts were establishing a new camp for the summer. Several trips had been made to the island in the boat earlier in the day and on the last trip there were eight persons in the boat. The coroner of Dowagiac gave it as his opinion that the boat was overloaded.

### BACHELORS ARE IN BAD FIX IN CHARLOTTE, IOWA

Will Lose Girls if Women Candidates Lose in Election

(By The Associated Press)  
CHARLOTTE, Iowa, March 25.—If three women candidates for office in this town of 454 persons are defeated local bachelors will be forced to seek new "steadies." More than a score of Charlotte's daughters have served notice on their gentlemen friends that failure of the men to support the women candidates at the election on Monday will cause a severance of relations.

Mrs. James McDermott is seeking the mayor's office, and Mrs. Nick Steiner and Mrs. Martin Neilson are candidates for the city council. They are confident of success.

Mothers of the town were the first to issue the ultimatum to the bachelors but their daughters readily adopted the same attitude and are willing to sacrifice their Wednesday night "dates" for "the cause."

Mrs. McDermott said she approves of the young ladies' action and expressed regret she and the other women office seekers have no likable daughters to join their supporters.

If elected Mrs. McDermott promises to stop the sale of illicit liquor.

DAKOTA JUDGE PASSES AWAY  
PIERRE, S. D., March 25.—Justice Charles S. Whiting, 58, of the South Dakota supreme court died in a local hospital this afternoon.

### HOPE TO PROLONG LIFE OF OFFICERS IN REGULAR ARMY

Doctors Believe New  
Plan of Examinations Will Help

(By The Associated Press)  
WASHINGTON, March 25.—Army doctors are hopeful that a very appreciable prolongation of life among regular army officers will result from steps now being taken as a result of the annual physical examination of the commissioned personnel. Under special instructions issued to army doctors by Surgeon General Ireland when the January physical examinations began efforts are being made to locate definitely any local infections (abscesses, tooth diseases, tonsils, infected sinuses, etc.) or other conditions which may be responsible for chronic degenerative changes.

"The removal of such underlying cause," General Ireland said in a memorandum to Major General Harbord, deputy chief of staff, "may result in return to a normal condition and very appreciable prolongation of life."

The memorandum points that the annual examinations were undertaken fourteen years ago primarily with a view to eliminating those officers found incapacitated, but that of recent years the value of the work toward "health preservation" had been stressed. A part of this development, "a thorough investigation of the medical records of all commissioned officers of the army is in contemplation," General Ireland said, "with the object of detecting correctable abnormal conditions which might have a bearing on life expectancy."

Determination of the influence of the world war on the physique and also the effect of tropical service in the army on health would be a part of this study, he added. Life expectancy tables for the commissioned personnel could be prepared on the data obtained.

"Among the results to be anticipated," General Ireland said, "from the practical use of the information so obtained would be an actual prolongation of life expectancy for officers of the army, correction of many physical defects with resulting increase in efficiency and demonstration of the fact that the average age at death among officers of the army exceeds that in civil life notwithstanding wars, accidents, service in the tropics."

If the latter point be demonstrated it should result in placing army officers in a preferred class of life insurance with lower premium rates.

### WILL MAKE EFFORT TO REDISTRICT STATE

(By The Associated Press)  
JEFFERSON CITY, Mo., March 25.—An effort to redistrict the senatorial district of the state thru the initiative will be made immediately and initiative petitions will be in circulation within two weeks, it was announced today following conferences of Republican leaders. The Republicans assert the Democrats have a gerrymander under the present arrangement and the proposed redistricting is to make 20 of the 34 districts safely Republican it was said.

Eight percent of the voters' signatures in two thirds of the 16 congressional districts are necessary to bring the initiative into play. Consequently it was decided to circulate petitions in all districts except the fifth (Kansas City) and tenth (St. Louis).

### MISTAKEN IDENTITY UNCLE OF HECOX SAYS

(By The Associated Press)  
HOMER, Ill., March 25.—Joseph Thomas, uncle of Roy Hecox, who has been identified as Adam Weaver and is held in Quaker town, Pa., on charges of murdering a constable 22 years ago, today sent a letter to officials there saying that Hecox was innocent of any crime and asking that everything possible be done to protect him.

Mr. Thomas said Hecox left Homer about 15 years ago and had become "a religious tramp."

"He wandered all around preaching religion," said Thomas. "He was never married so he couldn't have any children to identify him. They've made some bad mistake there, I'm sure. He can prove that he's innocent."

### GEORGE WILL FAVOR POLITICAL RECOGNITION

LONDON, March 25.—Political recognition of Russia will be the main plank in the policy of Premier Lloyd George at the Genoa economic conference if a vote of confidence is given him by parliament, April 2, according to the News of the World, the newspaper of Lord Riddell, who was liaison officer of the British delegation to the arms conference.

The newspaper says the premier also will urge a treaty between Russia and the Baltic states, Poland and Rumania.

### COLD STORAGE BILL TO BE RE-INTRODUCED

WASHINGTON, March 25.—A bill for government regulation for cold storage facilities which passed the senate during the last congress but failed to become law, was re-introduced today by Chairman Norris of the agriculture committee.

### Two Mothers Are Seeking Lost Sons

(By The Associated Press)  
NEW YORK, N. Y., March 25.—A mother, cultured and refined, with all the resources at her command that immense wealth can give her, today combed in vain the dark, ill-smelling bowery for her lost son, heir to a million.

At the same time another mother, worn by ill health and hard work put together her few threadbare clothes and with firm confidence prepared to start into the west to find her missing boy.

The first mother, Mrs. Graham Duffield, Chicago, has almost lost her faith. For eight days she has hunted. Today she visited the haunts of the wrecks who have fallen in the battle of life and dropped out of sight into the bowery. But she failed.

The second mother, Mrs. Mary Whitaker, of Henry street is supreme in her confidence. Her boy is somewhere in the west and tomorrow she will start out of New York in a poor bedraggled motor car which she bought with her savings, carrying everything she owns, and ready to back her belief against the hardships of the road.

Mrs. Duffield whose 17 year old son, Gordon, rebelled against school life in Plainfield, N. J., and fled to the bowery, let her presence be known on her arrival and the boy responded with telephone calls. But always after telling her he would come to see her, he failed. Tonight this mother appeared on the verge of a breakdown. She picked up her search today at the point it left off last night, when a telephone call from her son was traced to a drug store.

She mingled with the flotsam and jetsam of bowery life, asking if anyone had seen a boy of five foot, nine, dressed in a faded blue suit.

At one restaurant she was told that a boy answering the general description of Gordon had washed dishes there—up to yesterday. At a squalid 25 cents a bed rooming house, not more than two blocks distant, she was informed that youth who might have been Gordon had slept there—up to last night.

Gordon, so he has told her over the telephone is trying personally conducted experiment. He wants to experience real poverty to see what it is like.

In a Henry street tenement, a different scene. A few days ago Mrs. Whitaker told her neighbors that at last she had put away enough pennies to make possible her journey into the west and tonight she was pushing forward with her plans determinedly.

She first is going to strike out for Kansas City, for it was from there that she last heard from her son.

"I can find him," she said. "I know I can because I know it in my mother's mind."

### START FIGHT TO GET MORE MONEY FOR GUARD TROOPS

After Day Spent in Debate  
the Bill Goes Over to  
This Week

(By The Associated Press)  
WASHINGTON, March 25.—Restrictions in the army appropriation bill on the allowances for various national guard activities brought on a concerted movement today on the part of a bloc of house members to increase some items. The day was spent in debate and in the adoption of several amendments and the rejection of others, with the result that the vote on passage of the bill went over until next week.

An attempt will be made said Chairman Dempsey of the Rivers and Harbors committee to increase the amount carried in the bill for continuing work on various river and harbor improvements during the coming fiscal year. The measure provides approximately \$27,000,000. The army engineering corps asked for \$43,000,000. Mr. Dempsey said he would endeavor to have the higher figure inserted in the bill before it goes to the senate.

The house by a close vote, adopted an amendment which would make \$11,000,000 instead of \$9,000,000 available for armory drill pay for national guardsmen during the coming fiscal year. Another amendment approved increases from \$800,000 to \$1,002,800, the allowance for feeding and care of national guard horses and mules and eliminated a provision that the number of such animals could not exceed 4,000.

Despite the contention of Representative Crago, Republican, Penn., that the bill did not carry enough funds to send all men in the national guard to camp next summer, the house refused to approve an amendment which would have increased the amount carried for this purpose from \$6,500,000 to \$8,000,000.

Chairman Anthony of the subcommittee in charge of the bill said the amount provided would be sufficient for the entire national guard.

### WOMEN PROMISE MANY REFORMS

DES LACS, N. D., March 25.—War on bootleggers and strict enforcement of municipal dancing regulations and the curfew law is the announced program of the Des Lacs city council, composed of women, which began running the town today.

The council also announced that any other laws among the "musty records of the village which they feel should be put in to effect will be dusted off and strictly enforced."

A woman marshal and woman justice of the peace will uphold the edicts of the council members.

### ANNOUNCE SERVICE OF HUMILIATION

BELFAST, March 25.—Announcement was made today by Bishop Grierson, bishop of Down, Connor and Dromore, church of Ireland (Protestant) of a service of humiliation before Almighty God for the sins of our city. The service is to be held Sunday, April 2.

### HARDING OPENS INDIANA FLOWER SHOW

Indianapolis, Ind., March 25.—By pushing a button in the white house which rang a bell in Manufacturers' Building of the State Fair Ground here, President Harding tonight formally opened the Fifth Annual Flower Show, given under the auspices of the Society of American Florists or Ornamental Horticulturists.

Cut roses on display next week will cost approximately \$25,000, it is said. The Mrs. Warren G. Harding rose will be on exhibition.

### REVISED FIGURES WILL BE ISSUED ON STAGE OF RIVER

Will be Made After Crest of  
the Flood Has Passed  
Cairo

(By The Associated Press)  
MEMPHIS, Tenn., March 25.—Revised figures on the stage of the Mississippi river at Memphis and points below probably will be issued tomorrow after the crest of the flood has passed Cairo, Ill., J. S. Scott, weather forecaster announced today. He predicted 42.5 feet for Memphis next week, but added that this forecast might be increased if rains threatened in various parts of the Ohio and Mississippi valleys materialized tonight and tomorrow.

The crest of the Ohio River flood is now passing Shawneetown, Ill.

At St. Louis the river is falling slowly but the Missouri is still rising with considerably more water in sight before the crest is reached. The Cumberland and Tennessee are falling and the St. Francis river in Arkansas is on a stand still tonight. Practically all the flood water has run out of the Wabash and the river is falling at Paducah.

Both weather bureau officials and government and levee engineers admit that further rains will cause a stage in the Mississippi which may prove dangerous. Water is reported spreading over the banks south of Hickman, Ky., where there is a five mile stretch of low levee.

Additional guards were placed on all levees both north and south of Memphis today and by Monday mounted men will be patrolling every five mile stretch from Cairo south.

### SURVEY OF NEEDS OF U. S. INDIANS

CHICAGO, March 25.—A survey of the needs and opportunities of Indians in the United States which was launched officially under the inter-church movement, will be completed, officials of the Methodist Episcopal church today announced at Indian conferences to be conducted under the guidance of two Methodist organizations, the home mission council and the council of women.

### CHARGED WITH TRANSPORTING LIQUOR.

CHICAGO, March 25.—Two men who gave their names as John K. Wall and Lawrence Judas of Davenport, Iowa, were arrested today charged with transporting liquor.

According to the police the men said that they had paid \$1,800 for the liquor in Davenport and were bringing it to Chicago where they expected to sell it for \$3,000.

The liquor was destroyed and Wall fined \$200 and Judas \$25.

### GASOLINE SPEEDER JUMPS TRACK—ONE DEAD

MOUNT VERNON, Ill., March 25.—Alfred Hayes, 32, was killed and 11 others, all section employees of the Southern Railway, were injured when a "gasoline speeder" jumped the tracks today.

The injured are expected to recover.

### FIRST UNITS OF PROHIBITION NAVY NOW IN OPERATION

Are Lying in Wait for  
Smugglers Along At-  
lantic Coast

(By The Associated Press)  
WASHINGTON, March 25.—First units of the new prohibitive navy are in actual operation somewhere along the Atlantic Coast, it was learned today on high official authority.

Officials continue to withhold plans for the sea attack on rum smugglers by the submarine chasers operated by the prohibition bureau but it was declared that several vessels are now on duty in Florida waters and that others were cruising further north. Officials indicated that as rapidly as additional sub-chasers obtained from the coast guard can be put into commission they will slip out to sea to join in the proposed rum patrol.

Lieutenant R. L. Jack, of the coast guard, the "admiral" of the prohibition fleet is to have direct charge of operations, it was stated officially, but he will function under E. C. Yellowley of the general prohibition agents.

Two plans are being considered by the treasury for extending the sphere of operation of the prohibition fleet beyond the three mile limit.

It is proposed according to officials either to make the prohibition agents aboard the sub-chasers special customs agents or to assign other customs agents aboard each of the prohibition ships.

Secretary Mellon it was thought probably would favor the latter method.

Without customs authority officials explained the prohibition fleet could not operate outside the three mile limit. Customs agents are empowered to board ships bound for this country as far as 12 miles at sea.

### NASH PLANS TO GIVE WOMEN 7-HOUR DAY

(By The Associated Press)  
CINCINNATI, O., March 25.—Arthur Nash, president of the A. Nash Clothing Company, of this city, who on January 1 made an innovation in American industry by giving his 2,000 employees 40-hour week—8 hours a day and 5 working days in a week—announced today that he was planning a still further reduction in the working time of the women employed by his company to a basis of 7 hours a day and 5 days a week.

"After much study of the question of women in industry, I have reached the conclusion that for the health of America's women and for the sake of the America of the future it would be best to employ women in factories only 35 hours a week," said Mr. Nash.

While the women employed are paid by the day, Mr. Nash said tonight the per diem rate would be increased for that their weekly earnings under the 35-hour week arrangement would be equal to or greater than those previously received for a 40-hour week.

### DEATH WINS IN 8,000 MILE RACE

HONOLULU, T. H., March 25.—An 8,000 mile race against death was lost when William Beith died in a hospital here today while Mrs. Beith still was three days out at sea on the last leg of her journey from their home in London.

Beith arrived here March 5 en route home from Australia. He was taken from the ship too ill to continue the voyage and when it became apparent his condition was serious he sent for his wife.

### WRITES LETTER OF APOLOGY TO EDISON

MADISON, Wis., March 25.—Professor W. A. Scott, director in the course in commerce at the University of Wisconsin has written a letter of apology to Thomas A. Edison expressing regret for statements which Mr. Edison, in a letter to regents of the university termed "discourteous." It was learned today. A copy of Professor Scott's letter which the inventor is said to have accepted as clearing away any differences that may have been created could not be obtained.

### SHARK FOUND IN BALLAST TANK

NEW YORK, March 25.—An official of a Brooklyn drydock concern today announced that when the Minnesota recently had been pulled out of the water a shark was found swimming in one of her ballast tanks. He explained that a bulging plate had allowed the man eater to get in.

### TREATY OPPONENTS CHALLENGE VALIDITY OF SENATE'S ACTION

Body Gets Into Such a Mixup That the Leaders  
Hurry Into Conference to Draw up  
New Campaign Plan—Senator Hitchcock  
Takes Lead in Demanding Senate Action

(By The Associated Press)  
WASHINGTON, March 25.—The four power Pacific treaty and its two supplements got into such a mixup in the senate today that the administration ratification program temporarily was tied in a knot and the leaders hurried into conference to draw up a new campaign plan.

Challenging the validity of yesterday's action by which the four power pact was ratified treaty opponents suggested that the vote be reconsidered so that the ratification could include the supplementary interpretative agreement signed by the plenipotentiaries at the same time.

Administration leaders after several conferences decided some further action was advisable. Most of them opposed reconsideration plan, proposing a separate ratification vote on the supplement.

Such a separate resolution of ratification was being drafted when the senate adjourned.

Treaty opponents sought to give point to their arguments by emphasizing that the supplement deals with issues which long have been sources of friction between the United States and Japan. It declares it to be "the understanding of the signatories that the treaty shall apply to mandated islands in the Pacific, and that purely domestic questions shall not be brought before the four power conference for consideration and adjustment."

Many times the question of Japanese immigration was mentioned as a "domestic" American question which might be a fruitful source of trouble. "Statutes agreeing that no doubt ought to be left that the American government retains full power to deal with the subject as it sees fit. Those who asked for a reconsideration contended that unless the validity of the supplement were established clearly, Japan might claim the privilege of reentering the whole immigration problem of the Pacific Coast to a meeting of the powers."

Meantime the business actually before the senate was a second supplement to the four power pact, signed two months later than the first and so defining the geographical scope of the pact as not to include the homeland of Japan. When it was called up Senator Robinson, Democrat, of Arkansas offered an amendment to exclude also the island of Sakhalin, but neither the geographical supplement nor the proposed amendment to it was mentioned thereafter in debate.

Senator Hitchcock of Nebraska, ranking Democrat member of the foreign relations committee took the lead in demanding senate action on the domestic issue supplement and in challenging the validity of the vote by which the senate ratified the four power treaty. The supplement, Senator Hitchcock contended was either a proper part of the treaty and required senate approval or else it was not binding and left the problem of domestic issues in a dangerous situation.

These arguments were supported by Senators Pittman, Democrat, Nevada; Swanson, Democrat, Virginia; Robinson, Democrat, Arkansas and others.

Senator Lodge, Republican leader, maintained the declaratory supplement was in fact a part of the treaty and did not require separate approval. He described it as merely an interpretation of the treaty by the signatory governments and asserted that even if it did not exist, domestic questions never could be brought within the scope of the four power treaty arrangement. Several Republicans backed up Senator Lodge but for the most part the treaty supporters made no attempt to reply.

For a time, when the Democratic attack was at its height Mr. Lodge sat alone in the midst of roars of empty seats, the only senator on the Republican side at work on the new ratification resolution he said he would offer as soon as the geographical supplement had been ratified.

"Doesn't that situation remind you of the boy who stood on the burning deck 'when all but he had fled'?" asked Senator Caraway, Democrat, Arkansas.

"Yes," replied Senator Stanley, Democrat, Kentucky, "and I don't know which is in a worse fix, the deck or the boy."

### UNITED STATES SENDS ANOTHER NOTE TO ALLIES

Will Insist on Equality  
in Payment for Army  
on the Rhine

(By The Associated Press)  
WASHINGTON, March 25.—The American government has sent to the allied powers another note supplemental to that recently dispatched and designed to support its claim for equality with those powers in the payment of costs arising from the Rhineland occupation.

The new note, copies of which were presented today to the British, French, Italian, Belgian and Japanese governments, declared that whether or not there should be a deficit in the French account for its occupation army costs as of May 1, 1921, the claim for equality on the part of the United States would not thereby be affected.

The government in its supplemental note in words characterized by one official as plain, if not diplomatic, notifies the allied governments that no juggling of bookkeeping as regards the Rhineland occupation costs will deter the United States from pressing what it considers a just claim.

State department officials explained that the original identical notes delivered to the five powers early this week stated that according to information accounts in possession of the American government it appeared that the amount due to France for its occupation army costs to May 1 had been paid in full as had costs of the armies of Belgium and Italy.

Recent dispatches from France, it was said, had indicated that the American government made a mistake in saying that France had been paid in full and the supplemental note delivered today was designed to forestall such suggestions.

### SMALL TORNADO HITS BEAUMONT

(By The Associated Press)  
BEAUMONT, Texas, March 25.—A small tornado passed thru Beaumont and vicinity late today leveling dwellings and seriously damaging some business houses. So far as can be determined no one was killed within the city but six persons seriously injured are now at a hospital. Panett, first reported destroyed. A man arriving from there reported one death.

The twister passed thru Beaumont and entered Orange county.

### GOVERNOR HYDE PAROLES TEN CONVICTS

JEFFERSON CITY, Mo., March 25.—Ten convicts, among them John Mahan, 79, of St. Louis, the oldest inmate of the state penitentiary, who was serving a ten year sentence for murder in the second degree, were paroled today by Governor Hyde.

The editor of the Carrollton Gazette says: "There are two or three candidates for the Democratic nomination for state superintendent of public schools but no one knows anything about them. This is why we are opposed to a state wide primary?"

Senator La Follette of course brought forth various and sundry amendments for the four part treaty, all of which were promptly voted down. The Wisconsin senator would not be happy unless presenting views directly in opposition to those of the majority.

The combined labor and housing survey made possible by the Boy Scouts of Jacksonville presents some very interesting data. The first question asked by an industrial plant manager when seeking a new location is about the available labor supply. That is an essential thing and without accurate information the task of

securing new industries is almost hopeless.

There is value, too, in the information furnished with reference to housing conditions. Manifestly the city cannot grow as long as there is an acute shortage of homes. It is an easy thing to tell people that homes should and must be built in order to develop the city, but having these suggestions complied with is another matter.

A man who builds a house to live in doesn't look at the matter wholly from an investment standpoint. If he did, the chances are that he would prefer to be a renter. So the problem is to convince persons who have money to invest that the course dictated by local patriotism is to invest that money in new houses.

There is no use denying that more attractive investments can be found on a strictly dollar and cent basis. So the remedy can be found either in reducing the cost of building, so that investment is alluring, or the securing of such interest on the part of citizens that they are willing to make some investment with a fair return, taking a part of their reward in the knowledge that they are helping in building up their home city.

AVOID BREAKING LAWS.

A writer in the Manufacturer's News has this same discussion on carelessness in relation to law:

"We are more or less law breakers. Consciously or unconsciously we break laws. When speeding along the highway and exceeding the legal speed limit, we have broken a law. This may be treated flippantly, and we may never be conscious of breaking a law, treating the evasion flippantly, yet we are undermining character and softening the moral fiber. One of the crying ques-

tions before the nation today is lawlessness and what will be its remedy. Naturally, every thoughtful person is concentrating more or less upon the subject and in the particular enterprise of credit we have been alarmed by a lawlessness and the flagrant manner in which deceptions and frauds are practiced.

"My deductions are, first, that in a general way we have been over regulated. There are too many laws. In one of the far eastern states, whose assembly meets annually, there have been passed in the last five years twenty three hundred laws. It is beyond the power of the human being to know them all, and breakages occur often and again by mere ignorance. When evasions occur consciously, we have been too apt to regard it as a very light matter and to say to ourselves, 'everyone is doing it.' I am a firm believer in minimum legislation and maximum personal initiative and responsibility. We cannot stay the downward current unless there is built up a greater respect for the law and a moral fiber which will not be satisfied to break laws consciously or unconsciously. There must be less flippancy and more respect for the law. A very remarkable book of recent creation, 'Less Flippancy' will lead to more seriousness, more seriousness will lead to greater intelligence, and greater intelligence will lead to sounder living. We must have within ourselves a deep-seated respect for the law. We must never regard lightly the breaking of any law whatsoever. We must create a moral fiber that defies the softening process. We must stand true to conscience, we must get things right by having proper regulation, not over-regulation, and laws that will be applied swiftly and justly when violations occur."

MRS. GUNN HEARD  
SON IN RECITAL

The voice of George Gunn singing in Chicago was heard by his mother, Mrs. John T. Gunn, and others at the John Henry English home last night over the radio established at the residence of Mr. English. Mr. Gunn was singing from the Westinghouse studio and his voice was easily distinguishable. So far as known the radio at the English home was the only one able to tune up with the singer though others knew of the event and made efforts to catch the local singer's voice.

CHAPIN RESIDENT  
DIES SUDDENLY

J. C. McDaniel Passed Away Saturday Morning of Heart Trouble—Coroner Rose Held an Inquest

After hearing the testimony of Arthur McDaniel, a son of the deceased, Mrs. Stella Sanderson and Dr. F. M. Roberts, the jury sworn to inquire into the cause of death of J. C. McDaniel returned a verdict that death resulted from heart trouble.

Decedent was born in Brown county and was 63 years of age at the time of death. He had been in ill health for several years.

He had been a resident of the Chapin community for the past thirty years and was engaged in farming. There survive the following children: Alonzo, William, John and Arthur McDaniel and Mrs. Ishmael, all of the Chapin community.

The jury was composed of R. S. McKinney, foreman; J. C. Bobbitt, William Perbix, H. H. DeGroot, Elmer Hill and R. A. Withee, clerk.

According to the testimony of the son he found his father lying on the kitchen floor when he turned from feeding. He called Mrs. Sanderson, who is the housekeeper, and they tried to get the stricken man to his bed but he died before this could be done. Dr. Roberts was also summoned but Mr. McDaniel was dead before he arrived.

No funeral arrangements have been made.

ALWAYS BUSY IN THE COLLECTOR'S OFFICE

Samuel J. Tompkins, chief deputy in the office of Collector of Springfield, came to Jacksonville yesterday to spend the week-end with his family. The work at the office has been so pressing for weeks past that Mr. Tompkins has not reached Jacksonville until Saturday night, during all that period.

An extra force of workers is now busy in the office and a night shift is being used in order to facilitate the work of listing and filing. The office now has 112 employees and the work of making the necessary calculations and compilations is being pushed along just as rapidly as possible.

Like other attaches of the office, Mr. Tompkins believes that the commissioner of revenue made a wise choice in selecting Mr. Schwaner for the important post of collector in this district. The collector not only has a thorough understanding of the revenue laws, but also has a very happy way in dealing with the public.

HYDRO-TORON tires are guaranteed 10,000 miles against rim cut, stone bruise and blow out. Booth 13. L. F. O'DONNELL Motor Co.

NEW RULE ON C. & A.

Effective May 1st, the Chicago & Alton Railroad will cancel the rule which provides that passengers occupying a section in sleeping cars must purchase one full and one half fare railroad ticket. On and after May 1st any passenger having railroad ticket reading via the Chicago & Alton Railroad will be permitted to buy a section in sleeping car without paying additional railroad fare. This is a return to the arrangement in effect prior to the war.

HYDRO-TORON TIRES  
Do not fail to see this exhibit at Booth No. 13, Auto Show. We have something in store for every visitor to our booth. L. F. O'DONNELL Motor Co.

ENTERTAINMENT AT HIGH SCHOOL

Staples, the Master Magician, and company will give an entertainment Monday night at the high school auditorium. This is an evening of magic, cartooning and ventriloquism. It is said to be a very splendid company and one that is on the road in order to finance the special activities in one of the southern camps for disabled soldiers of the late war.

LEN SMALL  
Governor of Illinois

Gov. Small Coming to Jacksonville Monday

Governor Len Small is coming to Jacksonville tomorrow. The governor will visit the three state institutions here during the day and at 6 o'clock will be the guest of honor at a dinner given by the Jacksonville Automotive Association. At 7:30 o'clock the automobile show and merchants' exposition will be formally opened with an address by Governor Small. The president of the Automotive Association, J. G. Berger, will preside.

The chief executive of the state is to arrive in the city Monday morning. He will be accompanied by his son, Leslie Small; Col. C. R. Miller, director of the department of public works, and probably by State Senator John A. Wheeler and A. G. Brown, one of the governor's secretaries. State Auditor Andrew Russell will join with officers of the Automotive Association in welcoming the governor to Jacksonville.

Several weeks ago the Automotive Association extended an invitation to the governor to visit the city on the opening night of the automobile show but it was not until a recent date that a definite acceptance was received.

Governor Small is expected to make an address on the subject of

PROBATE COURT.  
In the estate of Virgil Skinner, letters of administration were ordered to issue to the Farmers State Bank & Trust Co. An order was entered by Judge

good roads. This was the theme suggested by the automotive men when they were asked about the subject matter, they would like to have presented. The great interest that Governor Small has in the good roads problem is a matter of common knowledge and of course the road question has its direct relationship with the automotive industry.

All in Readiness.  
Preparations have been pushed along so constantly for the automobile show and merchants' exposition that the Zahn building is now practically in readiness. Some little additional work must be done tomorrow and the exhibits will then be put in place.

Car manufacturers are showing the keenest interest and their representatives and many of the factories will have special representatives here during the entire week co-operating with the local men.

Social features will not be lacking and festivities on Monday, Tuesday and Thursday nights will be under the direction of the American Legion. Wednesday night the Modern Woodmen, Camp No. 912, and Royal Neighbors of camp No. 171, will be in charge, while the U. C. T. will have Friday and Saturday nights.

Samuel approving the adoption of Mildred M. Kohl by Mr. and Mrs. R. J. Sheppard. The consent of John L. Kohl to the arrangement was filed.

ADVICE  
What is It Worth?

It depends—upon the one giving the advice, his standing, training and experience.

In investment matters, no one is better qualified to give advice than a bank.

It is a bank's business to know what investments are safe. Every day it comes in contact with investment problems.

This bank, through its place among the successful institutions of its kind, is especially fitted to advise on investment matters and to suggest safe selections. It does not recommend and never has recommended any but the highest grade securities.

Our advice on investment matters is yours for the asking whether or not you are contemplating an investment through us.

WANDA HAWLEY

IN

"Too Much Wife"

A Hilarious Comedy of Newly Wedded Pair

Here's the story of a wife who wouldn't go to the country—and so the husband had to.

A faked telegram, a hurried departure, and the fond husband found himself free for three blissful days from entangling apron strings.

But a summer squall which overturned his fishing boat dashed him upon an island where a female

Robinson Crusoe was encamped.

A summer squall is nothing compared with the domestic storm that arose when wife found it out.

Do you remember Wanda Hawley in "The House That Jazz Built?"

Well, here is another fun-packed comedy about a pair of newly-weds.

## CITY AND COUNTY

## Chicks grow and Grow and GROW

You will be surprised how rapidly your chicks will grow when fed on Blatchford's Chick Mash (formerly Blatchford's Milk Mash). Many users say they can almost see the little fellows grow. In fact there isn't another feed on the market that will push them along as rapidly, or as satisfactorily.

## Blatchford's CHICK MASH

(formerly known as Blatchford's Milk Mash)

Blatchford's is not simply a feed for chickens. It is a carefully milled and prepared milk-substitute which is used by the most prominent poultrymen in the country for starting and growing their chicks. We recommend it. A trial will convince you that it is in a class by itself.

## FRANKLIN MUSIC CLUB IN SESSION YESTERDAY

Interesting Program Given at Meeting at Home of Mrs. A. F. Ruble in Franklin.

Mrs. A. F. Ruble was hostess to members of the Franklin Musical club Saturday afternoon at her home in Franklin. The attendance was interfered with to some extent by the unfavorable weather conditions, but the session proved an exceedingly pleasant one for those who braved the weather. Mrs. W. C. Calhoun, the president of the club, presided during a brief business session. Then came the following program:

Piano solo, "Babbling Brook" (Alice Fowler Judd)—Miss Dorothea Sargent.

Paper, "The Making of Phonograph Records"—Miss Grace Armstrong.

Solos, "I Bring You Hearts-ease" (Gene Branscomb) and "Love's Wondrous Garden" (Walter Lewis)—Mrs. William Douglas, with Miss Sargent as accompanist.

Violin duets, "Then You'll Remember Me" (from the Bohemian Girl) melody in F (Rubenstein)—Miss Gusse Flynn and Mrs. George McKeon.

At the business session four new members were taken into the club, Miss Helen Hines as an active member and Mrs. Jerry Ryan, Mrs. J. E. Sinclair and Mrs. C. E. Cussins as associate members. Plans were discussed for a minstrel show to be given by the I. W. C. Glee club at some date in the near future, and the club definitely decided to arrange for this entertainment.

## GINGHAMS

Choice Tissue Gingham no better quality, all shades, while this lot lasts, only 69c per yard.

## SHANKEN'S

MADE FINE RECORDS AT BROWN'S BUSINESS COLLEGE

Mrs. Olive Chapman and Miss Velma Dey were the winners in the speed tests at Brown's Business college in the intercollegiate typewriting contest. Mrs. Chapman won the ten minute speed test, the one minute speed test and the one minute accuracy test, while Miss Dey made a record of forty-eight words per minute for ten minutes without error.

In the speed tournament now in progress at the local college Misses Elizabeth Tuite, Helen McGinnis, Irene Wood and Lucille Short are the leaders. Two more contests are yet to be held to determine the champion of the school.

Mrs. William Hendrickson of Alexander was a visitor to the city yesterday.

## SUIT FOR DIVORCE.

A suit for divorce was filed Saturday in the office of Circuit Clerk Wanamaker by Luther Vieira. The bill is directed against his wife, Mae Vieira, and in fact is the charge made. It is set forth in the bill that Mrs. Vieira's name was Mae Chadwick prior to their marriage, which occurred in October, 1913. Their home was maintained until January of the present year.

CHILDREN LIKE  
SKUNK BETTER  
THAN ELEPHANTS

This is Deduction Made After Showing Movies to 5,000

(By The Associated Press)  
CHICAGO, March 25.—That one skunk is better than a drove of elephants was the deduction made today by teachers and moving picture officials who tested 5,000 school children to ascertain their taste in the movies.

The test was made to see if the modern boy is "canned" and interested only in apparatus in which the "wheels go around" or if he is still pastoral enough to enjoy gambling lambs or babbling brooks.

The picturization of a boy steal-

ing green apples and wading in shallow creeks put the children to sleep. The skunk won first place as animal favorite on the screen. Elephants did not fire the children's enthusiasm but bison running across the prairie were popular. The elephants were working, the bison playing.

"Rural life seems pretty slow to Chicago children. More wild animal pictures will draw the children away from the wildman film," one principal stated.

BOTTLE TELLS FATE  
OF CYCLOPS

Bufoit, N. C., March 25.—A bottle containing a note purporting to be signed by an engineer aboard the navy collier Cyclops which disappeared at sea in 1917, was picked up today northeast of Cape Lookout lighthouse. The note stated that a German submarine was close by, that all hands had been ordered on board the ship and that the ship was then to be torpedoed. The note was signed with grease and the bottle was stoppered with a rubber stopper and was covered with sea grass.

The Cyclops was bound from a Chilean port for the United States with a cargo of nitrates when she disappeared. An extensive search was conducted for her but no trace was ever found.

FOUND.—Lady's umbrella. Owner can have same at this office by paying for advertisement.  
3-26-11.

Public Sales Auctioneer

Farm, grain and livestock sales. Special attention given to any pure bred sales. Satisfaction guaranteed. Prices reasonable. A few pure bred Poland Chinas for sale.

The "Paint-Up" Campaign

Indications are that there will be a lot of painting done this season. Those who put on SHERWIN-WILLIAMS will make the best investment of the money they spend. It's the paint of paints. We have a full line of Paints, Oils and Varnishes.

To Raise Healthy Chicks

Those who make a success of the chicken business are those who are properly equipped. Scientific care of the baby chicks requires, watering founts, etc., requires a broader, however, feed. We have all these sundries, which no chicken raiser can afford to do without.

The Farmer's Great Need

A De Laval Cream Separator will pay every farmer and cow owner the biggest dividend at this particular time. The De Laval skims the cream closer than any other Cream Separator made. This explains why it is the choice of over 2,300,000 owners.

This Store Wants Four Hard Roads out of Jacksonville

Red Flag Unchallenged in London

A woman with a red flag attended a meeting of radicals in Trafalgar Square, London, to protest against the imprisonment of Albert Inkpin, secretary of the Communists. She was unmolested by the "bobbies."

PUBLIC GARAGES ARE  
NOT OBEYING THE LAW

Secretary of State Emmerson Says But Few Are Registering Cars According to Law.

Springfield, Ill.—(By the A. P.)—Few public garages are complying with the law requiring the registration of all automobiles brought in for storage or repair, Secretary of State Emmerson declared recently.

The legislature, Secretary Emmerson asserted, is finding difficulty in keeping pace with conditions brought about by the increasing number of automobiles and the garage registration law was passed as an intended aid to the recovery of stolen cars. Twenty-five years ago, the secretary pointed out, there were four automobiles in the United States. Today the number is something like 10,500,000.

"In Illinois," he said, "our hard road system is predicted upon the expectation of a continued prosperity for the automobile trade. In 1927, when the \$60,000,000 bond issue was adopted, careful estimates were made of a probable automotive future. It was estimated that the saturation point would be 600,000 cars and that this point would be reached in 1924. We passed this mark last year and will exceed it by 100,000 this year.

"Of all the automobile laws the one most generally ignored is that requiring garage owners to keep a register of the members of all automobiles brought into the garage.

Should Obey the Law.

"If it is a good law it should be observed and if it is not a good law it should be repealed.

"The purpose of this law was to assist in finding stolen automobiles.

"I am required, under an act of the last General Assembly to issue a weekly bulletin, giving the

PUBLIC GARAGES ARE  
NOT OBEYING THE LAW

numbers of all stolen automobiles which are reported to me by the police officers and sheriffs in various sections of the state. Tax buildings are sent to all police officers and sheriffs and each garage kept a register of cars brought in for repairs or storage. It would greatly aid in finding the missing automobiles.

"In many instances it would be a protection to the garage owner. Not long ago a garage owner wrote in and asked to have a special number given to an engine of an automobile which he had in storage in his shop, in order that he might sell the car to pay for

repairs and repairs. Investigation showed that the car had been brought in, a number of accessories ordered put on it, and the owner had never called for it. The engine number had been of faced. Evidently the car had been stolen. We refused to issue the special number because it would be aiding in the disposal of a stolen automobile.

"If the garage owner had obeyed the law and looked for the number when the car was brought in, he would have discovered the deception and prevented the running up of a bill for storage and accessories."

PUBLIC MUST BE  
BEHIND ZONING

Success of Undertaking Depends on Complete Understanding and Cooperation of Public.

Chicago.—By the Associated Press.—Zoning, more than any other civic enterprise, requires for its success the complete understanding and the complete endorsement of the public. Jacob L. Crane, Jr., advisor on zoning and city planning for the Chicago Real Estate Board, writes in the March issue of the Illinois Journal of Commerce.

The first step in zoning, Mr. Crane stated, is to stimulate public interest and to inform every member of the community who can be reached, of what zoning is and what it proposes to do.

"Zoning is a new and stringent form of public control over private property for the benefit of the property holder and of the community and it affects every member of the community.

"In cities where the public has not been informed from the first the intentions of zoning and of its effect on the property in which they are interested, the entire enterprise has been endangered and in several cases defeated."

Mr. Crane enumerated the following steps for zoning program: Stimulate public interest and secure public support by meetings, conferences and news items. Appoint a commission. Engage a consultant or advisor.

Plan and organize the work. Collect complete data on existing conditions. Draft a tentative ordinance. Hold public hearings. Modify the ordinance and present it for passage.

See that it is completely and fairly administered. "Zoning proposes to define the areas where different uses and different volumes of buildings are properly located at present, also the areas where they may best grow up in the future," says the article, which continues that "the fact should be made clear that zoning is properly only one part of comprehensive city planning and that to be well done it must be based upon the fundamental studies for a general plan."

"At this time, however, zoning is very popular, because its benefits are so important and so readily appreciated and because it is comparatively simple and inexpensive to secure. It is justifiable, consequently, to undertake zoning alone in many towns; basing it on comprehensive city plan studies and so secure the values of zoning as soon as possible and lead up to a general city plan later on."

GO TO SPRINGFIELD  
Miss Mary Beatty and Velma Gray have gone to Springfield to spend the weekend with relatives. The young ladies are students at D. Lincoln college.

Miss Irene Austin, who has been the guest of friends in this city, returned Saturday morning to her home in Springfield.

Miss Mary Strawn has returned home from Monticello seminary for a short vacation at the home of her parents, Mr. and Mrs. Julius Strawn on West College avenue.

INTERESTING FACTS  
SHOWN IN SURVEY

More Than One Thousand Persons See How Demand Exists For Hundreds of Houses.

The survey which has just been completed of the housing and labor situation in this city discloses the fact that there are more than a thousand persons now looking for employment in the city. The survey committee, of which Louis L. Horen was the chairman, had a big task in gathering the data and later compiling it in proper form.

The survey shows that there are 923 persons registered for work in factories and 104 for office employment. A total of 617 men and 206 women signified their willingness to take factory work and 60 men and 44 women are seeking work in the office. The committee has the names and addresses of all these persons seeking employment, and thus is made available a list which should be of very material aid in securing new industries for the city.

The survey is rated as primarily an industrial one and in view of this fact the facts brought to light by the survey have special significance. The fact that there are now so many persons within the city who are available for factory jobs would be of interest to any industry seeking a location.

The housing situation here presents a serious problem, for the survey indicates that there exists a very real shortage of houses. Two families are living in each of 263 houses and in 28 other houses there are three families quartered. The report also shows that there are numbers of families living in houses which are under

The survey is rated as primarily an industrial one and in view of this fact the facts brought to light by the survey have special significance. The fact that there are now so many persons within the city who are available for factory jobs would be of interest to any industry seeking a location.

The housing situation here presents a serious problem, for the survey indicates that there exists a very real shortage of houses. Two families are living in each of 263 houses and in 28 other houses there are three families quartered. The report also shows that there are numbers of families living in houses which are under

SOLE SURVIVOR OF  
MIAMI IN HOSPITAL

(By The Associated Press)  
MIAMI, Fla., March 25.—Nursed by a woman whom he believed in his delirium to be his mother, Robert Moore, pilot and only survivor of the six persons who left here for Bigland last week in the flying boat, Miss Miami lay in a hospital tonight.

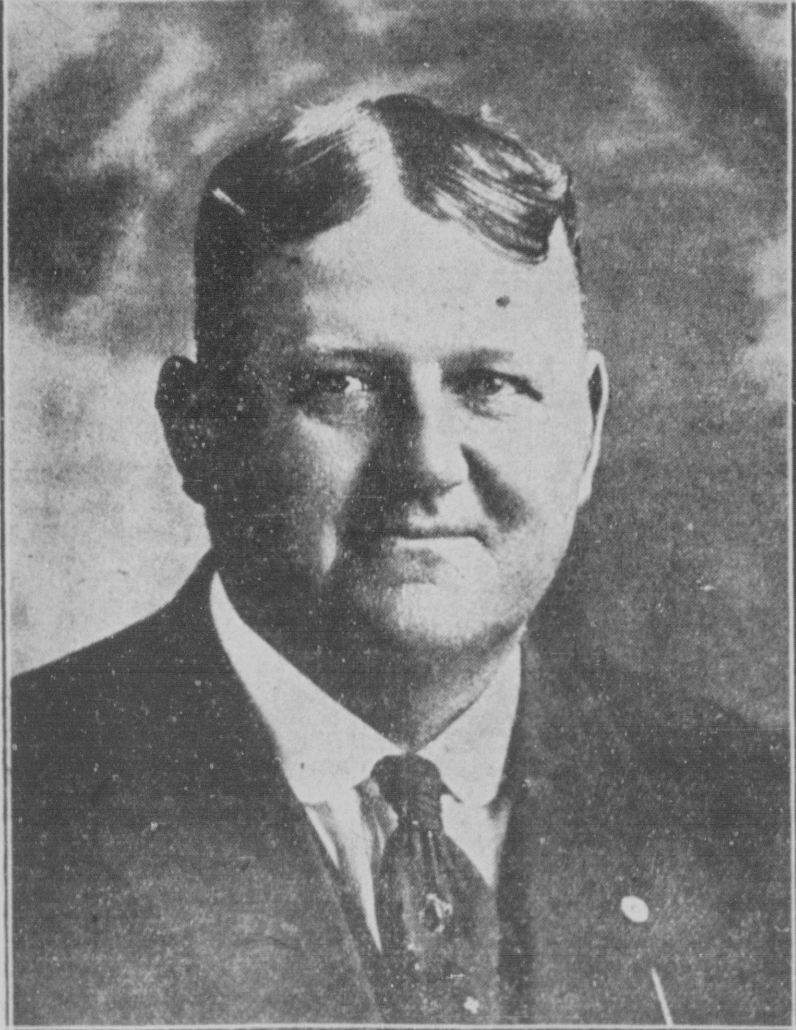

A sub-marine chaser took Moore off the Tanager William Green early today. Picked up yesterday more than 40 miles off the East Indian inlet as he clung to the wreckage of his flying boat Moore was tenderly cared for all during last night by Mrs. J. Williams, a

passenger on the ship. This morning, alongside the big ship, Moore refused to go without her. When reassured that she would be there finally permitted himself to be transferred to the smaller craft and be brought to a hospital here where another woman took up the task of trying to calm his wandering mind.

Piece by piece, Moore has revealed the tragic story of his experience as he clung for two days and two nights to the wreckage of the lost flying boat.

No trace has been found tonight of the bodies of Mr. and Mrs. August Bulte and Mr. and Mrs. Lawrence E. Smith, all of Kansas City, and Mrs. J. B. Dickson of Memphis, Tenn., who gave up their lives as the struggle became too much for them.

First Time in Jacksonville—A Public

Radio Concert

Every Evening during the Auto Show, Merchants and Manufacturers' Exposition, at the Auto Inn, beginning at seven o'clock.

Arrangements have been made whereby, through the courtesy of the Illinois Electric company, Chicago, representatives of the Westinghouse Electric & Manufacturing company, there will be installed in our booth at the show a complete Westinghouse Radio Wireless outfit.

This splendid example of modern research and ingenuity will be in charge of an expert operator from the company's headquarters. Several large amplifiers will be installed so that the programs received may be heard in all parts of the building.

The instrument will be of a size and power to receive the musical programs, and news of interest, sent out from the principal broadcasting stations in this country, and should prove of particular interest and add to the pleasure of every visitor during the week.

We shall have on display in our booth several smaller size Westinghouse radio outfits, suitable for homes, and factory representatives will be present to give full details as to installation, operation and costs.

We shall also have on display in our booth the Clark "Jewel" Loran-equipped gas stove, The Eden Washer, and Universal Electric appliances.

## JOEL RABJOHNS DIED IN DISTANT LAND

Brother of Jacksonville Residents  
Had Served Many Years in  
Navy Department—Transferred  
From Brooklyn to Honolulu.

A message received Saturday by relatives here brought the news of the death of Joel M. Rabjohns at Honolulu, Hawaiian Islands. Mr. Rabjohns, who was the oldest son of Mr. and Mrs. Charles Rabjohns of this city, now deceased, had been in the service of the navy in the boiler making department for a great many years. Some months ago while in the service at the Brooklyn navy yard he volunteered for the work in

Honolulu and was transferred to the yard there. The relatives of Mr. Rabjohns here have taken the matter up with the state department at Washington and it is the intention to bring the remains to Jacksonville for interment.

The deceased was born at Toronto, Canada, Feb. 3, 1877. The earlier years of his life were spent in Manistee, Mich., and it was there that he learned the trade of a boiler maker. As a young man 22 years old he went to San Francisco and followed his trade there for a period of ten years. The deceased worked for the government in the Mare Island at Vallejo, Cal., and in Panama during the construction of the Panama canal. Then he was transferred to the Brooklyn navy yard at Brooklyn, N. Y., and as indicated, left his position there to take up work at Pearl harbor navy yard at Honolulu.

The deceased was a man of sterling character and was a member of Triluminar lodge, A. F. & A. M., of South Chicago. Those who knew him most intimately were his warmest admirers and he was held in the highest esteem by all who knew him.

Mr. Rabjohns is survived by the following sisters and brothers: Mrs. May Chaney of Kingsville, Tex.; Miss Jennie, Alexander and Walter C. Rabjohns of this city. The deceased had been a visitor in Jacksonville on frequent occasions in the past and interment will be made at a date to be announced later.

## T. M. TOMLINSON HAS ATTRACTIVE WINDOW

Displays Number of Miniature  
Automobiles Which Were Made  
By Harold Black, Son of Logan  
Black.

T. M. Tomlinson has one of the most attractive window displays that has been shown in Jacksonville for some time. In keeping with the spirit of the coming automobile show Mr. Tomlinson has one entire window devoted to motor mechanics and the display is the more interesting because of being made by Harold Black, one of Jacksonville's youths. There are miniature cars of the type of the Packard, Cadillac, Paige, Ford, International Truck, and Fordson tractor.

These are all true to type and shows the constructor of these toy cars to possess a genius mind and skillful hand. They are all painted in the same color as the cars from the factory and make a display that attracted many of the Saturday visitors to the city.

Suspended by wires above the "machinery exhibit" is a miniature aeroplane. An electric fan keeps the propellers revolving. Both young and old pedestrians passing were attracted to the window. The opposite window is also an attractive one showing juvenile wearing apparel.

## FIRST PASSENGER TRAIN RUN IN 1852

Rock Island and Pacific Ran Its  
First Train From Chicago to  
Joliet in October of That Year.

Chicago.—By The Associated Press.—The first passenger train run by the Chicago, Rock Island and Pacific railroad was an unbroken train from Chicago to Joliet on Oct. 1852, the same year that the first passenger train reached Chicago from the east.

This and other interesting events concerning the early development of the middle west, closely associated with Rock Island, railroad history will form a part of an historical booklet which will be distributed in connection with the observance of the seventieth anniversary of the railroad next October.

Material for the booklet is being gathered by the passenger traffic department of the railroad here. According to the early records, the Rock Island entered Morris, Ill., January 5, 1853; Ottumwa, February 14, 1853; LaSalle, March 21, 1853; Tiskilwa, September 12, 1853; Sheffield, October 12, 1853; Geneseo, December 19, 1853 and Rock Island, Ill., February 22, 1854. This line was the first continuous railroad from Lake Michigan to the Mississippi river. The first bridge across the Mississippi River was built by the Rock Island between Rock Island, Ill., and Davenport, Iowa, and was opened to traffic on May 6, 1856. The line between Bureau and Peoria, Ill., was completed in 1854. In 1874 the "South Chicago Branch" from South Englewood to South Chicago, came into the Rock Island system.

## A GIFT OF FLOWERS FOR MAYOR CRABTREE

Acting on a telegraphic order from Mayor Shank of Indianapolis Joseph Heim & Sons yesterday delivered a wonderful basket of daffodils to Mayor E. E. Crabtree. The action here was duplicated in hundreds of other cities in conjunction with the opening of the fifth Indianapolis National Flower Show.

These presentations were made possible by the Florists' Telegraph delivery order system. The telegram to the local florist which resulted in this handsome floral gift to Mayor Crabtree, was as follows:

F. T. D. Order for March 25th, 1922, A. M.

Joseph Heim & Sons:

T. D. Member:

Deliver Saturday morning Mar.

25th box of cut flowers, basket or blooming plant to the Mayor of your home town. Card reading:

"On the opening of the Fifth National Flower Show today it gives me great pleasure to send a message of flowers by wire to you."

Mayor Samuel Lewis Shank,

City of Indianapolis.

## DEATHS

### Meadows.

Relatives in Jacksonville received word of the death of Mrs. Sarah Meadows of Monticello, Ky., Mrs. Meadows has a number of relatives living in this city. Two sisters living here survive. They are Mrs. Wiley Johnson of College avenue and Mrs. John Toler of the Ebenezer district, also numerous relatives in the county.

### Griffith.

Mrs. Etta Griffith passed away at Our Saviors hospital after a lingering illness at 5:30 o'clock Saturday morning.

Decedent was the wife of Benjamin Griffith of Roodhouse. She had been at the local hospital for several weeks. She was born in Scott county, January 22, 1837, and was the daughter of Charles Henry Bryan and Lucy Vostall Bryan. She was married to Benjamin Griffith in 1912. Surviving are the husband and four children, Mildred, Thelma, Lucile and Charles; also four sisters, Mrs. Janie Hudson, Mrs. Lillian Schofield, Mrs. Ray Smock and Mrs. Emma Roe, all of Roodhouse.

The remains were removed to the Gillham funeral home and were taken Saturday afternoon over the C. & A. to Roodhouse, where funeral services will be held and interment made.

### Groszitz.

August Groszitz died Saturday at 12:45 from an attack of pneumonia at the home of his daughter, Mrs. A. McNamara, 705 South Clay avenue. Decedent was 61 years of age. Surviving are three daughters, Mrs. Nellie McNamara of this city; Mrs. Florence Mohan, of Springfield, and Mrs. Clara McKay, of Decatur; two sons, Harry and George Groszitz of Danville, Ill.

He also leaves two sisters, Miss Elizabeth Groszitz and Miss Kate Groszitz of Springfield and twelve grandchildren. He was a tailor by occupation and was employed at the shop of Carlson and Schell.

Mr. Groszitz was a lifelong member of the Lutheran church. Funeral services will be held Monday morning at 7 o'clock at the home of his daughter, Mrs. McNamara, and the remains will then be taken overland to Springfield for burial.

### Smith.

The death of Mrs. Harriet A. Smith occurred at the Old People's Home Saturday afternoon at 4:30 o'clock.

Decedent was born Nov. 12, 1841, and was the daughter of James and Sarah Homes. She was married to Robert H. Smith April 12, 1861. To this union one son was born which preceded her in death. Her husband also having passed on some time ago. Two sisters survive her, living in Rushville, Ind. She entered the home from Wichita, Kan., her former home, May, 1919.

Funeral services will be held at the home conducted by Rev. Pontius Monday at 10 o'clock. The body will be taken to Wichita, Kan., and interred in the family burial lot at that place.

### Nifong.

The death of Lydia A. Coons Nifong occurred at the family residence, 327 East College avenue at 10 o'clock Saturday. Decedent was born in Macoupin county, June 28, 1850 and had been a resident of Jacksonville for more than twenty years. She was united in marriage to Frank Nifong in Macoupin county in July, 1888, who preceded her in death more than ten years ago.

Mrs. Nifong when a young girl united with the Christian church and lived a devoted Christian life. She was a member of Central Christian church of this city.

Surviving members of the family are a brother and sister S. W. Coons of Louisville, Ky., and Mrs. Mary E. Connor of Keokuk, Iowa.

The funeral services will be held at the Gillham Funeral Home Monday afternoon at 2:30 o'clock with burial in Diamond Grove cemetery.

### Scott.

Mrs. Elizabeth Alice Scott, wife of Ezra C. Scott of 1156 South Main street, passed from this life to her eternal home Saturday afternoon at 12:30 o'clock. She was the second daughter of John B. and Martha Mansfield, of Franklin, Ill., born at Scottsville, Ill., July 1, 1853.

She gave her heart to God when a child and became a member of the Franklin M. E. church under the pastorate of Rev. Robert Clark, afterwards her membership was transferred to the Grace M. E. church of Jacksonville, where she was a faithful member at the time of her death.

She was united in marriage to Ezra C. Scott, Jan. 12th, 1898, at the home of her parents, in Franklin.

She was a devoted wife and dearly loved by her husband, step-children and grand children. She never left a deed undone that would add to the comfort of her home. She had prepared and eaten dinner and immediately began to suffer from acute indigestion which was the cause of her sudden death.

Her passing away came as a great shock to the family and a host of friends. She is survived by her husband and the following step-children: Jonas T. and Jeanette Scott; Mrs. E. R. Hemmrough, Mrs. S. J. Camm, Mrs. Robert Jennings, Mrs. Charles Scott and Mrs. Arthur L. Van Winkle, and eleven grand children: Ruth, Elizabeth and Harold Hemmrough, Margaret and Bernard Camm; Ellsworth, Amy, Carlyle, Mary Frances, Annabel, and Charles Scott.

She also leaves two brothers and three sisters: W. B. Mansfield, of this city; J. E. Mansfield, of Chicago; Mrs. Martin Van

Winkle, of Franklin; Mrs. Ella Carlisle, of Chicago, and Mrs. Dora Lowdermilk of this city, and eight nieces and nephews: Maude and Arthur Van Winkle, Earl and Allan Carlisle; Martha, William, John and Edward Hudson. Funeral arrangements are not completed.

## ILLINOIS LEGION LAUNCHES CAMPAIGN

Will try to Get Positions For  
Every Legion Man Before April  
19—Intensive Campaign Planned.

BLOOMINGTON, Ill.—Positions by April 19th for every unemployed former service man in the state is the aim of the Illinois department of the American Legion.

William R. McCauley, state commander, and William Q. Settle, department adjutant, have spent the last week making urgent appeals to all post commanders and legionnaires in the state to put Illinois "over the top" in the nation-wide campaign for employment for former service men before the date set by the legion's national headquarters, for winding up the original campaign.

Enlistment of employers, civic and fraternal organizations and various clubs has been sought in the state-wide drive for jobs.

April 19th the anniversary of the battle of Lexington was selected as the date for reaching the goal. The campaign will start March 20, which has been designated as "American Legion Employment Day."

Officials of the Illinois department hope to distribute before April 19th the nine "merit certificates" from Hanford MacNider, national commander, to the Illinois communities which make the best "clean up" of the unemployment situation, Adjutant Settle said today.

Nine certificates have been awarded to each state to be distributed to communities making the best showing in the campaign and state Legion officials have been authorized to make the merit awards before the final day, if the "clean up" warrants.

Cities are to be divided into three classes according to population for the purpose of making the merit awards, the three leading cities in each class to receive the certificates.

Fields of employment which the Legionnaires plan to invade in search of positions for their buddies include:

Manufacturers and other large employers; county bridge and road work; municipal enterprises public utilities; the building industry; truck gardening; farms; community "clean up"; plating of town and city additions and patrolling of residence quarters.

In many cities it is believed citizens will contribute to funds to engage former soldiers to act as special patrolmen in residential quarters to augment regular police protection.

NORTHWESTERN HIGH SCHOOL INDOOR MEET IS WON BY EVANSTON

Victors Score a Total of 22½ Points—Irwin of Cedar Rapids High Lowers the Record in the Mile Run—New Record Also Set in Fifty Yard Dash—Many Schools Compete

(By The Associated Press) EVANSTON, Ill., March 25.—The seventh annual Northwestern interscholastic indoor track meet with a total of 22½ points. Forty six institutions of the middlewest were represented. Point standing by teams: Evanston, 22½; Oak Park, 12; West High, Minneapolis, 11; Hyde Park, Chicago, 11; Cedar Rapids, Iowa, 10; Deerfield, Ill., 10; East High, Minneapolis, 8; Urbana, Ill., 5. Individual standings: T. Rugg, West High, Minneapolis, 11; B. Irwin, Cedar Rapids, 10; O. Mathews, East High, Minneapolis, 8. Summaries: One Mile Run—Won by B. Irwin, Cedar Rapids; Second, C. Cassidy, Rockford, Time 4:38 1-5. (Interscholastic record.) Former record 4:45 4-5. 440 Yard Dash—Won by Cameron, Evanston, Time 53 3-5. 50 Yard Dash—Won by Washington, Englewood, (Chicago). Time :05 3-5. (New record). Displacement :05 4-5 by Harney, Oak Park. 60 Yard Low Hurdle—Won by Yarnall, Hyde Park, (Chicago); Second, Stewart, Deerfield, Ill. Time :07 3-5. Shotput—Won by Alman, Urbana High; Second, Carter, Elmwood, Ill. Distance 45:5½. 880 Yard Run—First Race: Won by Irwin, Cedar Rapids; Second, Carson, Evanston, Time 2:07 2-5. 880 Yard Run—Second Race: Won by Mathews, East High, Minneapolis, Time 2:08. One Mile Relay—Won by Deer-

YANKEE FIVE HAS AN EXCELLENT RECORD

Are Junior Champions of City—Defeated Every City Team Played—Resume of Games and Individual Scores.

Having defeated every team played in Jacksonville, the Yankee Five basketball club have closed their basketball season with an excellent record. They have enjoyed a very successful season at basketball and have made a good impression of their ability and training wherever seen in action. The Yankees as a junior team averaging less than 16 years of age, are considered the fastest little team in this class in the city and also in the surrounding towns, having defeated every team that they have come up against which was anywhere near the junior class. To be exact the Yankees average but a trifle over 15 years of age. In playing the Springfield Scouts, Troop 10, who were the 1921 junior champions of Springfield, the Yankees defeated a team which averaged considerable over 16 years of age. The only game in which the Yankees feel that they were outclassed was that of December 21, with the fast Petersburg Independents. The Petersburg Independents had just been defeated a week before they played the Yankees by the fast Peoria Socials of Peoria by only one basket. The Yankees have played twelve games this season, winning nine. They have scored 254 points to their opponents 147. In giving the individual average of points made by each player it is true that the guards do not come anywhere near the forwards in this department of the game, but nevertheless the work of the guards has been one of the bright spots of the Yankees' team. McNamara has the record of playing in every game and never being substituted at any time. The work of no one particular player deserves greater mention than any other as it has been the co-operation and work of the team as a whole that has made them successful in their playing. Individual Record in Basketball

PHILADELPHIA, March 25.—John Weismiller, of the Illinois Athletic club in an attraction added to the intercollegiate swimming championship at the University of Pennsylvania tonight broke four world's records for the men's indoor individual junior championship reducing the time of the 200, 250 and 300 yard and 300 meter events. His time was 2:05 1-5; 2:41 flat; 3:16 3-5 and 3:35 1-5.

SCHINER WINS HANDBALL TITLE

Milwaukee, Wis., March 25.—A. J. Schinner, Milwaukee, Wis., won the national singles handball championship of the A. A. U., today by defeating William Sackman of New York two out of three games. The senior doubles title went to Max Gold and Maynard Laswell of Los Angeles, who defeated Sackman and Eddie Groden of New York two out of three.

FLACK OUT OF GAME FOR TWO MONTHS

East St. Louis, Ill., March 25.—Max Flack, outfielder for the Chicago Nationals, who is confined to his home here suffering from a fracture of the skull will not be able to play for at least two months, his physician said today. An operation will not be necessary.

Red Blum, who received trials with the Cleveland Indians and Boston Red Sox, will play first base; Johnny Shovlin, formerly of the St. Louis Browns, second base; Markofka, who received a trial with Washington in 1921, shortstop, and Scott Perry, formerly of the Philadelphia Athletics and Joe Cobb, pitchers.

IOWA WILL BUILD STADIUM

IOWA CITY, March 13.—Plans for a new stadium on Iowa field at the University of Iowa which, when completed will seat 43,000 people are now perfected, and the first steps in construction work under way. Work to be completed by June 2, when the Western Conference track meet is to be held here, will provide a seating capacity of approximately 22,000 for the event. The method of financing the project is unique. The board of control is financing the construction work with the proceeds of bond issues which will be redeemed by "the gate." The bonds were quickly absorbed and will be redeemed by the net proceeds of athletic contests. The stadium, when completed, will be "U" shaped. Construction work planned for this year will cost approximately \$80,000. To complete the project would require approximately \$150,000, but this work will not be started until the athletic department has paid off its present indebtedness of \$100,000 incurred by the program now in execution.

SCHAEFFER AND HOPPE ARE READY

CHICAGO, March 25.—Jake Schaeffer and Willie Hoppe tonight virtually had completed their preparations for a world's championship 12.2 balking billiard match starting Monday night that promises to be the greatest contest in billiard history. Hoppe tonight arrived from St. Louis, where he has undergone an intensive course of training for his effort to win back the title he lost to Schaeffer last December. The two billiard wonders have gone thru training which rivals the preliminary work for a world's championship prize fight.

ROAD WORK, rub downs, special exercises and regular rest periods were included in the program of each contestant. The match will be 1,500 points, 500 points a night. It will be continuous—that is, there will not be a new break the second and third nights but the play will start with the balls in the same position as at the end of the play of the preceding night. Hoppe and Schaeffer will go thru light practice tomorrow and Monday.

NEARLY READY TO ENTER HOME STRETCH

TOLEDO, March 25.—About to enter on its final week, the American Bowling Congress tournament here seems to have settled down to a matter of routine. Several full squads of entrants ran their strings out today without any one coming close to the leaders in any of three minor events. A Minneapolis pair, C. Jones and J. Stasch, led the two-man event with 122. W. Larsen and C. Erickson of Racine, Wis., were one pin behind the day's leaders. Other scores in the doubles that will draw a share of the A. B. C. prize money follow: A. Hack-A. Korman, oKhlert, Wis., 117; W. Gebhard-H. Buit, Racine, Wis., 116; W. Pacln-E. Marlich, Chicago, 1160.

The highest score in the singles was 663 by G. Steel of Newark, N. J. Other leading scores in that division are: J. Farrell, Racine, 631; R. Hanson, Minneapolis, 612; H. Tesser, Racine, 606. Two five-men teams, the Zieglers of Milwaukee and the Imperials of Auburn, Y., who lost out on the original schedule on account of illness, were permitted to bowl this afternoon. The Zieglers scored 2747 and the Imperials 2345. Chicago, Erie, Milwaukee, Covington, Ky., Cincinnati and Detroit teams made up the first squad in the fifteen event tonight. On the schedule for the second shift were teams from Rochester, N. Y., Chicago, Madison, Wis., Milwaukee, Erie and Columbus.

FORMER BIG LEAGUE PLAYERS ON TEAM

MASSILLON, O., March 25.—Seven former American League players, two of whom played in the circuit last season, have signed contracts to play with the Massillon Agathons, claimants of the national semi-professional baseball title since 1919, according to an announcement by George Texter, manager of the team. Fred Bracht, last year with the Chicago White Sox, has signed to play in the outfield. Texter said, and Edgar Collins, who outfielded for Connie Mack last season, will do likewise. Others who will wear Agathons' uniform, according to Texter, are: Red Blum, who received trials with the Cleveland Indians and Boston Red Sox, will play first base; Johnny Shovlin, formerly of the St. Louis Browns, second base; Markofka, who received a trial with Washington in 1921, shortstop, and Scott Perry, formerly of the Philadelphia Athletics and Joe Cobb, pitchers.

FLACK OUT OF GAME FOR TWO MONTHS

East St. Louis, Ill., March 25.—Max Flack, outfielder for the Chicago Nationals, who is confined to his home here suffering from a fracture of the skull will not be able to play for at least two months, his physician said today. An operation will not be necessary.

PSYCHOLOGY TO BE TRIED IN ATHLETICS

Will Explore This New Field at University of Illinois and Embody it in Coaching Course.

URBANA, Ill.—The increasing importance of psychology in athletics is indicated by the recent addition of a representative of the department of Psychology to the faculty advisory staff Coach Zupke at the University of Illinois and the establishment of a research organization to delve into the mysteries of "head-work" on the gridiron diamond, and track. Dr. Coleman R. Griffith, Associate in Psychology at the University has undertaken the task of exploring the new field, which promises to have an important bearing upon future coaching practice. Results already have demonstrated the value of the work, in the view of Illinois athletic officials. Following a full year's experimentation on the local campus, in which psychic aspects of all the major sports will be studied, a text book on the subject will be compiled, and a course for future coaches and athletics developed for inclusion in the university curriculum which will attempt to explain the psychological phenomena of competitive games. The work of Dr. Griffith will be sent free as a factor, in the gridiron clashes of the Illinois team next season, when the athletes, who for years have appeared in dark blue jerseys, will be attired in blending combinations of orange, canary yellow, and white. The change is ordered by the simple physiological fact that in looking from the corner of the eye only certain colors are visible. The football star, in picking a man for a pass will be greatly aided by the rainbow-like dress of his teammates. The baseball pitcher, basketball player, and track entrant, all of whom also are forced to rely to a great extent upon indirect vision for the success of their play, will be helped by the new uniforms. One of the most interesting of a series of experiments will be made this spring when Dr. Griffith will subject every member of the football squad to an extensive series of tests through which he will attempt to select the personnel of the 1922 conference eleven. Another plan of interest to the coach is that to determine reactions in the players. By combining the data on a large number of athletes Dr. Griffith has established an average reaction time for competitions in the various departments of sports, as an index to relative mental and muscular speed. The tests are made with a unique instrument, the Vernier Chronoscope, which measures time in thousandths of a second and may be made visual or tactical to determine the various types of reaction. Numerous experiments are planned to develop other phases of psychology as related to athletics. The course which Dr. Griffith is formulating will present data revealing cross sections of the player's mind at various moments in the game, and will urge the practical application of psychology to the coaches' everyday problems. Such questions as action attention, instinct, emotion, memory, and personality will be treated and the problems of fight, selection, morale, and mental health, approached from a new angle. Until he can make an exhaustive study of athletes under all conditions, Dr. Griffith refuses to call his finding science, but to date his prophecies have checked so well with the results obtained on the gridiron that Director Athletics Huff and his staff have great hopes for the future of "The Psychology of Athletics."

CHAMPAGNE, Ill., March 25.—Carl Lundgren's Illini baseball team will open their season April 8 at Oxford, Miss., where they will meet the University of Mississippi. The first game at home will be with Jimmy Ashmore's Iowa nine at Urbana on April 24. The schedule: April 8—University of Mississippi, Oxford, Miss. April 10-11—Mississippi A. & M. college, Starkville, Miss. April 12-13—University of Alabama, Tuscaloosa, Ala. April 17—University of Mississippi, Oxford. April 22—Michigan at Ann Arbor. April 24—Northwestern at Evanston. April 27—Iowa at Urbana. April 29—Ohio State at Columbus. May 4—Chicago at Urbana. May 6—Wisconsin at Madison. May 8—Iowa at Iowa City. May 13—Wisconsin at Urbana. May 19—Maryland at Urbana (not definitely decided). May 20—Michigan at Urbana. May 23—Purdue at Urbana. May 26—Ohio State at Urbana.

HYDE PARK TAKES SWIMMING MEET

EVANSTON, Ill., March 25.—Hyde Park high, Chicago, carried off the honors in the eleventh annual indoor interscholastic swimming meet given by Northwestern university. Of the sixteen high school competing, the leaders were: Hyde Park, 32; Columbus, O., 16; Evanston, 14; Lane, Chicago, 10; Senn, Chicago, 8 1-2.

BABE RUTH HITS HOMER WITH TWO ON

NEW ORLEANS, La., March 25.—Babe Ruth smashed out a home run in the sixth inning with two men on and proved the deciding factor in the victory of the New York Yankees today over the Brooklyn Nationals in an exhibition game, 7 to 4.

SAN ANTONIO, Texas, March 25.—Philadelphia Americans, 5; San Antonio, Texas league, 5. (Called in 11th inning, darkness.)

MRS. MALLORY ADDS TWO TITLES

BOSTON, March 25.—Mrs. Franklin I. Mallory of New York, who as Miss Molla Bjurstedt began winning United States lawn tennis championships in 1915, today added two more national indoor titles to her credit. She defended her singles title winning the event for the fifth time, when she overcame Miss Leslie Bancroft, Boston left-handed, 7-5, 6-1. With William T. Tilden II of Philadelphia world's singles champion, she captured the mixed doubles title for the second time in as many attempts. The champion singles players mastered Mrs. Frank H. Godfrey and R. Norris Williams II of Boston, 6-2, 7-5.

FORTY INDIANS WILL BE BROUGHT NORTH

Manager Speaker Will Bring All Men from Training Camp—Will Split Players Into Two Squads for Exhibition Games.

Cleveland, O., March 25.—(By The Associated Press.)—When the Cleveland Indians break training camp at Dallas March 31 everyone of the forty players will be brought north by Manager Tris Speaker, according to advices received here. This will be the largest squad to leave camp in Cleveland uniforms. This does not mean that Manager Speaker intends to keep all of the players. He has numerous games scheduled on the northward jaunt, which necessitates splitting the squad into two divisions. There are nineteen pitchers, four catchers, ten infielders, and seven outfielders on the roster. Present plans, it is understood, call for the assignment of two catchers and five infielders to each division, while one team, probably the regulars, will carry four outfielders, and the others three. Melvin, Wambegans, Sewell and Gardner will compose the infield of the regulars. Indications are that this is the infield which will start the season, and if Manager Speaker's lineup in his practice games means anything, Melvin will bat in the cleanup position. Since joining the team the former Philadelphia and Boston American League teams' star first baseman has hit in this position. The regulars' catchers more than likely will be O'Neill and Nunamaker. Except for Speaker and Jamieson the outfielders during the exhibition games have not been decided upon. Speaker and Jamieson and probably Graney and Evans will be in the regular gardens. Joe Wood is to manage the second team. The other outfielders available are Ernest Jeannes and Patrick McNulty. The Yannigan infield will be composed of Guisto at first base; Hammond at second; Sorrels at shortstop, and Stephenson at

IS IN PROSPECT

Christian Church Passavant Aid Society Starts Fund for Good Project—Will Have Booth at Auto Show.

The Christian Church Passavant Hospital Aid Society has taken the initiative in the raising of a fund for the building of an isolation hospital for contagious diseases in connection with the hospital. The society will begin raising funds for this very laudable undertaking during the automobile show. A booth has been secured and the ladies will sell sandwiches, pie, doughnuts and coffee to automobile show visitors.

The final arrangements for this money raising project were made at a meeting held at the home of Mrs. E. W. Brown, 1042 West State street, Mrs. Brown being the president of the organization. The automobile association has provided a space without charge and the Jacksonville Railway & Light Co., Cully Coffee Co., Rabjohns & Reid, William Benson, the Andrews Lumber Co. and others have made donations toward the project.

The members of the society are all thoroughly interested and will assist at the booth and in addition are making donations of food. While the project is fostered by the Christian church society, it is in a measure a non-denominational project and so it is quite likely that women from other churches will lend their aid.

Members of the society yesterday intimated that donations of cream for the coffee would be acceptable. Mrs. Brown is president of the Aid society, Mrs. Charles Hopper, secretary, and Mrs. Charles Cully, treasurer.

Since there will be no expense for work in connection with the booth and practically all supplies are being donated, a fairly fund will no doubt be secured toward this very worthy project.

The need for an isolation hospital has been for years a matter of common knowledge. It is the proposal to build a ward of about eight rooms on the northeast corner of the ground apart from the main building. Physicians of the city often have reason to regret that there is no isolation hospital here, for they frequently have very great difficulty in providing the proper care for contagious diseases. It is hoped that visitors to the automobile show will take advantage of the opportunity to aid the cause by patronizing the Aid society booth.

## Social Events

Entertains at Chapin

for Mrs. Werles.  
Miss Eda Eckhoff entertained a number of friends at a party given yesterday afternoon at her home in Chapin in honor of her cousin, Mrs. Earl Werles. About twenty guests were invited and the afternoon hours were pleasantly spent with contests and music. A pretty color scheme of pink and white was carried out in the house decorations and in the dainty refreshments served during the afternoon.

Luncheon at

Pilgrim Memorial.  
Miss Eleanor Andre and Miss Irene Stubbfield were the hostesses at a Campfire luncheon given Saturday noon at the Pilgrim Memorial of the Congregational church. The girls are members of the Aokiya Campfire and the girls in this group were the guests. Miss Carol Landier, acting guardian of the group, was also a guest. This delightful luncheon is one which the girls serve in order to win their rank in the campfire, and the delicious menu was planned, served and cooked by the hostesses.

College Society Met.

The Alpha Eta Pi society of Illinois college met Friday afternoon at the society rooms at Academy hall. This was the regular weekly meeting and the following program was given: Reading by Miss Velma Matthews, and a paper on "Pageantry" by Miss Helen Thompson, read by Miss Glenna Smith.

Gives Birthday Party

for Daughter.  
Mrs. Myrtle Goes gave a charming little birthday party Saturday afternoon at her home on North Main street in honor of her daughter, Delcie Lee Goes, whose seventh birthday occurred yesterday. The affair was an Easter party and all of the arrangements carried out this idea. Games including egg hunts and other Easter games were played during the afternoon and the delicious refreshments served were also in keeping with the Easter season. Each little guest received a pretty little favor to take home. Mrs. Frank Nunes assisted the hostess in entertaining and the little guests were Betty DeFratres, Elaine Tiff, Freda Antreter, Ruth Iglehart, Wilhelmna and Patricia Spieth, Marian Cowgur, Jane and Cornelia Green, Dorothy Freitag and Hael Louise Nunes.

Host at Informal Dance.

A delightful informal dance was given last evening by Frank Caldwell at his home on West College avenue. The affair was very informal and the guests included about twelve couples from Illinois college. The hours were spent in dancing and an attractive supper was served during the evening.

Brooklyn Ladies Aid to

Hold Meeting.  
The Ladies' Aid Society of Brooklyn church will hold a called meeting Wednesday afternoon at 2:30 with Mrs. J. E. Bossarte on South East Street to make final arrangements on the Supper and Bazaar to be held April 4th. Every member is requested to be present.

Billy Dace Cole

Celebrates Birthday.  
Friday was the sixth birthday of Billy Dace Cole, son of Dr. and Mrs. C. E. Cole. In honor of the event Mrs. Cole invited in about thirty of his little friends to help him properly observe the day.

The house was from 2:30 to 6 o'clock and were pleasantly spent in playing games. There were Easter favors for the children and refreshments were served during the afternoon. Billy was the recipient of many gifts.

Mrs. Cole was assisted in entertaining by Mrs. Harrison King, Mrs. Ralph I. Dunlap and Mrs. Louise B. Inglis.

Agora Society Gives

Dinner Dance.  
A most delightful affair was the dinner dance given last evening at the Peacock Inn by members of the Agora society of Illinois college. At seven o'clock a dinner was served in the blue room of the inn to about forty guests. Grey and rose were the predominating colors in the decorations and quantities of sweet peas were used on the tables. Attractive place cards and menu cards also were in rose and grey. Following the serving of a four course menu the evening was given to dancing. An excellent program of dance music was furnished by the Darley-Brown serenaders.

Professor G. R. Poage and Mrs. Poage were the chaperones for the evening. The special guests included Miss Hilda Raetzmann and Miss Marian Blake. Miss Sylvia Taylor was the chairman of the committee in charge of the affair and she was assisted by Miss Catherine Winger and Miss Mary Louise Frye. Miss Mabel Ruyle is the president of the Agora society and the other officers include Miss Katherine Winger, vice president, Miss Dorothy Ford, secretary, and Miss Grace Hopper, treasurer.

Among the out of town guests at the dance were Miss Mildred Blair of Salem, Miss Hazel McCormick of Flora, Miss Mary Naar of Waverly, Edward Leonard of Springfield and Minor Shaw of Bloomington.

Lambda Mu Society Banquets

on Tenth Anniversary.  
The tenth anniversary of the Lambda Alpha Mu society of Illinois Woman's college was celebrated last evening by a banquet

given at the Colonial Inn. The affair was the annual dinner for the society pledges and was given at eight o'clock. Dinner covers were laid for fifty guests, which included a number of faculty guests and a large number of alumnae members of the society. The society was formed ten years ago and has grown to be one of the most important organizations of the college. Mrs. Helena Munson Pickenpan of Rushville was the only charter member of the society present at last night's affair.

In the dining room a lovely color scheme of various shades of lavender was used. Butterflies, candles and pretty menu cards were the predominating features of the decorations. At the close of the banquet "Miss Margaret Merker, president of the society, presided as toastmistress, and a series of toasts on the subject, "Here's to Our Lambda Alpha Mu," was given. "Gladly We Rank Ourselves With Thee" was given by Miss Miriam McOmber; "Standing for Scholarship and Fun," by Eva Gertrude Hodgson; and "When in Life's Later Years" by Grace Harris. A short musical program was given following the toasts. Miss Estelle Cover played a violin solo, Miss Marguerite Sturgeon sang a group of songs and Miss Eleanor Sanford gave some interpretive dancing.

The faculty guests present at the banquet were Mr. and Mrs. H. W. Pearson, Miss Peggy Boyd, Miss Helen Merriman and Miss Nellie Boyd. The new members of the society in whose honor the affair was given are: Misses Miriam McOmber, Irene Parli, Mary Alice Harper, Thekla Bennett and Janette Meredith. The guests who came to the banquet from out of the city were Misses Mabel Weiss, Evansville, Ind.; Bess Seward, Champaign, Ill.; Mary Bishop, Bishop, Ill.; Ruth Kuss, South Bend, Ind.; Mabel Laughlin, Collinsville, Ill.; Mildred Keys, Lincoln, Ill.; Helen Houston, Canton, Ill.; Grace Harris, Princeton, Ill.; Katherine Whitney, Vermont, Ill.; Mrs. Guy Pickenpan, Rushville, Ill.; Mrs. Judson Driver, Greenfield, Ill.; Miss LaVone Patrick, Catlin, Ill.; Miss Norma Perbix, Chapin, Ill., and Miss Veriel Black, Aurora, Ill.

Miss Helen Gowdy was the chairman of the committee in charge of the banquet and she was assisted by Misses Hildreth Ashwood, Ella Herman and Harriett Keys.

## CLUBS

Fortnightly will meet Thursday afternoon at 4 o'clock with Miss Anne Stevenson, 1059 West College avenue.

There will be a regular meeting of the Passavant Hospital Ladies' Aid next Friday. A full attendance is requested.

Tablet committee meeting at Duncan Memorial at 2:30 o'clock Monday afternoon.

The South Side Circle will meet with Mrs. Grant Graff Friday afternoon.

A called meeting of the Ladies' Aid society of Centenary church will be held at the church Wednesday afternoon at 2:30.

The Friday Social Circle will meet with Mrs. James Vail and Mrs. Claude Vail, 607 North Diamond street, Friday afternoon at 3 o'clock.

The Delphian Study club will meet at the Public Library Monday afternoon at 2:30 in regular session.

The social meeting of the Ladies' Aid Society of Congregational church will be held Tuesday afternoon, March 28th, at the residence of Mrs. G. W. Putnam, at 218 Sandusky street. The hostesses will be Mrs. Putnam, Mrs. Keefe and Mrs. T. P. Carter.

There will be a social meeting of the Ladies Aid society of State Street Presbyterian church Thursday afternoon, March 30, at 2:30 o'clock at the church. This is the last meeting of the church year. Reports of officers and committees will be heard and there will be a roll call of members. A large attendance is desired.

The Pine Point club will meet with Miss Topping, 255 Prospect street, on Friday afternoon, March 31.

The regular monthly meeting of Rev. James Caldwell Chapter, D. A. R., will be held on Tuesday afternoon at 3 o'clock.

WAYNE GARD WRITES

FROM RANGOON  
In a recent letter written from Rangoon, Burma, to his brother, Louis, Wayne Gard says his family need feel no concern for him should a rebellion break out in India. "Unrest in Burma is not as serious as in India," he says. "Most of the nationalists are non-violent and do not believe in use of force. They prefer civil disobedience—that is, the refusal to pay taxes or to have anything to do with the government."

The letter tells of an expected visit to a jungle village and mentions correspondence he has recently sent to The Associated Press from Rangoon, Mysore and Calcutta.

### WHITE HALL PLANS UNIQUE OBSERVANCE

Will Unveil Group of Government  
Headstones at Soldiers' Monument  
July 4.

White Hall, March 24.—White Hall is planning for an unique observance on July 4th next, with the unveiling of a group of government headstones at the soldiers' monument dedicated to veterans of the Revolutionary war. Plans to this end were given official approval this week by the visit of Col. E. R. Lewis of Chicago, state superintendent of records, who returned to Chicago Friday evening, after spending two days here coming from Alton. He anticipates making a visit to Greenfield this year, and states his intention to be present at the Revolutionary observance at White Hall on July 4th.

Col. Lewis met many Grand Army and American Legion veterans, and finds the work of recording and marking soldier graves in Greene county to be in a healthy condition. His coming was occasioned by the impression that the Revolutionary markers were to be placed in White Side Park in town, but when he was taken to the magnificent soldiers' monument he gave his immediate approval with an emphasis that left no doubt of his great impression of the \$15,000 soldiers' memorial at White Hall and the adjoining grounds that afford such an ideal extension of the soldier memorial work. Orders have been placed for nine stones for graves of Revolutionary veterans buried in this vicinity. Five of them have been received; three erected over graves at Barrow, White Hall and Patterson. The other two are at the monument awaiting the arrival of four more before the grouping can be arranged, but it is believed that the details will be worked out in time for unveiling on July 4th. There are two other graves of Revolutionary soldiers whose inadequate records preclude obtaining government stones, those being at Waltrip and Huffman, the former at Henderson cemetery and the latter at Walkerville.

Col. Lewis declares that Greene county has recorded more graves of Revolutionary veterans than any other county in the state. He was pleased with the announcement of Joseph Lyman, manager of Princess theater and a member of the American Legion, that he will soon present "Conquering Power," a leading character in which is Ralph Lewis, a son of Col. Lewis.

The Wednesday Class will meet with Mrs. Bancroft.

### DEPRESSION SLIGHT ON PACIFIC COAST, SAYS BABSON

California Takes Sting Out of Slump by Advertising

During the past year conditions have been better on the Pacific Coast than in any other part of the country. Mr. Babson has explained this by showing that the present depression started in the east in December, 1919, reached Ohio in the latter part of 1920 and is now centered in the Mountain States. With the exception of the northwest the depression area has not been felt to any great extent on the Pacific Coast. This he says is the primary reason why California is still prosperous. He, however, gives another reason which he illustrates as follows: "A real estate man from Los Angeles was traveling in one of the southern states. He happened to be in a small town in which a funeral was being held for one of the leading citizens. Out of respect to one of his friends who was going to the funeral he went along also. After the local preacher had read the service and made some laudatory remarks regarding the deceased he followed an old custom of asking any one present to add such words as they felt moved to say. No one seemed to be 'moved' to add anything to the eulogy. After some moments of 'embarrassing' silence, the stranger from California rose and spoke as follows: 'I did not know the deceased and hence cannot say anything for or against him, but I do know California and I want to take this opportunity of telling you all what a fine state it is.' He thereupon spent 15 minutes in tabulating the assets of his state.

"This simple story forcibly illustrates a great factor in the prosperity of the south Pacific States. The people of California believe in advertising. They have organized associations to sell this state and its products. We have been taught to eat California oranges instead of Florida oranges. We eat California raisins instead of Louisiana rice. We look toward California for the perfect climate, when several other localities doubtless have climates just as good.

"In spite of the 40 per cent loss in their fruit crop due to a freeze last February, and 50 per cent loss in tourist crop, due to the depression in the east, California has kept on advertising. Instead of going into a serious depression it has managed to execute a sidewise movement.

"Washington and Oregon have not fared so well during the past year. Conditions in these two states have illustrated once more the fundamental law that depressions start in the north and east

and continue to work south and west. Lumbering the chief industry of these states has for some time been in a depression. It has been operating at low as 50 per cent of its normal capacity. "The ebb tide in this particular industry has been caused by unfavorable building conditions and the fact that the freight rates are not equitable. The lumber industry in this section is over 2,000 to 3,500 miles from its largest markets. The rail rate increases of 1920 gave tremendous advantages to the southern lumbermen in markets long shared with the western interests. Some adjustment has been made to be sure and of course the situation will be eventually righted.

"Agriculturally the Pacific northwest has been doing well. Like California, associations have been formed to market its products. Washington apples are sold in every city in the country, and are the only apples that I know of which are sold under the brand name, which the public has been advertising and has been taught to ask for. The strong point in favor of the coast farmer is that he practices a wide diversification of crops and is not crippled by a sharp price decline in any one line. Small herds of cattle are seen everywhere. Dairying has developed along substantial lines. In scientific power farming is almost universal. Just at present general business in Washington and Oregon is about 50 per cent of normal compared with California which is running 55 per cent. Fundamental conditions favor the two northern states because they have been thru the worst of their depression and should see a gradual and steady improvement later on this spring. California while relatively in a better position just now must meet the worst of the depression and at best can but maintain a sidewise movement at present levels.

"If California manages as well as she has started in stemming the decline she will stand as a unique example of the tremendous power of advertising and collective marketing. The stand that she has made so far is a distinct factor in keeping the Babsonchart from falling below its present level of minus 11 per cent."

Next Week  
The Mexican Situation.

### TEACHING RUSSIANS USE OF AMERICAN CORN

London.—Training the Russian in the proper methods of consuming American corn has now been undertaken by the American Relief Administration.

The distribution of corn to approximately 5,000,000 adults in the Volga valley has begun, the first 18 trainloads of the American gift having reached the famine areas according to advices of February 24. One Russian funt per day, or roughly 14 ounces, is the feeding allowance for adults.

So that they may get to know the possibilities of this new food not only from a nourishing but a palatable point of view, cards containing recipes are being sent to all American Relief Administration inspectors, village relief committees and distribution centers.

The recipes include such typical American dishes, as corn mush, corn bread, corn biscuits, corn soup and corn gruel. A warning against eating the corn in the raw state and directions for its treatment in case of spoilage are also being issued.

This is the first time the American Relief Administration has distributed food directly to the individual for consumption in his own home. Child feeding is always conducted en masse, about 2,000,000 Russian children now being fed one balanced meal a day in some 6,000 odd kitchens.

### SPECIAL BANKING DAYS IN SCHOOLS

St. Louis.—Special days are set aside in several public schools here as banking days on which pupils deposit their savings.

Collapsible bank furniture takes the place of the regular desks on the selected days and pupils from all rooms go to the "bank" and attend to their financial affairs.

The pupils are the bankers, cashiers, paying and receiving tellers, bookkeepers, messengers, etc. and they do all of the banking work as it is done in a regular bank. At the close of the banking period messengers for regular banks receive the money and take it to the banks for the credit of the schools. Withdrawal of accounts are made in the same way.

Six hundred pupils of one school are regular depositors and have saved more than \$4,000 since the plan was started, it was announced.

### INTEREST IN POLITICS GROWS IN WHITE HALL

Hon. Truman A. Snell of Hillsboro and Otto C. Sonnemann of Carlinville Pay City Visit—Col. E. R. Lewis of Chicago Also a Visitor.

White Hall, March 25.—Politics warmed up in the confines of White Hall Thursday. The city was visited by Hon. Truman A. Snell of Hillsboro, democratic candidate for representative, and Otto C. Sonnemann of Carlinville, republican candidate. The latter was in conference with W. S. Corsa, his primary opponent, but there is nothing indicated as a result of this conference further than an exchange of views as to the outcome. Hon. David Davis of Litchfield, the third republican candidate, was also said to be in touch with Mr. Corsa, and Gregory Farm office suddenly became a hub of political activity.

Another visitor was Col. E. R. Lewis of Chicago, state superintendent of soldier records, who remained over until Friday noon to organize the work of compiling a record of the soldier dead in Greene county. His visit primarily grows out of the proposition to place a group of Revolutionary headstones about the soldiers' monument, and this idea he highly approved, adding the very significant statement that the records shows Greene county to possess more graves of Revolutionary veterans than any other county in the state. The White Hall plan greatly interested Col. Lewis from its first inception during the winter, and his visit brings official approval with the highest words of commendation on the idea and also on the magnificence of the White Hall soldiers' monument

and grounds. There will be at least six stones in the group, others having already been erected at graves, and if all reach here in time there will be formal ceremonies of unveiling on July 4th next, an event that Col. Lewis says he certainly will be here to attend.

### WILL MOVE ITS ENTIRE PLANT HERE

The Chamber of Commerce is in receipt of a communication from the Rothschild Clothing Manufacturing company stating that they expect to move their entire factory to Jacksonville the early part of next week. This will be quite an addition to the local plant as they will now manufacture vests and trousers in addition to coats. It will also mean that the cutting and designing departments of the factory will be located in this city in the future. The factory, which is located at the corner of North West and West North streets, is now employing about 50 people, and more are being added to the force each week. The location of this large manufacturing plant in Jacksonville will mean employment for a large number of people and will be a great asset in the industrial growth of our city.

**CORRECTION.**  
An item appeared in the Journal yesterday stating that attorney J. D. Staley was in Virginia representing Miss Dorothy Nash as plaintiff in a suit to recover wages as a teacher in the Cass county schools. The item stated that Miss Nash was discharged by the county superintendent, this was in error as she was discharged by the board of directors of the Arenzville district.

### PLANS COMPLETED FOR SPRING OPENING

Window Displays Will be Made at Seven O'Clock Monday Evening—To be Announced by Blowing of Whistles and Ringing of Bells.

Plans have now been completed for the spring opening and window displays to be staged by the Trade Extension Committee of the Chamber of Commerce on Monday at seven o'clock. The members of the committee have completed their canvas of the business district and have secured the full cooperation of all business men in this movement.

Permission has been received from all the churches and factories for the ringing of bells and the blowing of whistles which will be the signal for the undraping of the windows and the turning on of all the lights in the business district. The business men are going to no little expense to present to the public the best window display this city has witnessed for many years.

In most cases the displays will feature automobiles as the affair is being put on in connection with the Auto Show and Merchant's Exposition. Blue and Gold, Jacksonville's official colors will be much in evidence in the window decorations. The exterior of the buildings will be decorated in the National colors which will be left up all week. The stores will also be lighted on the inside in order that the public may have a view of the spring merchandise on display. The public is cordially invited to witness the displays and to later attend the Auto Show and Merchant's Exposition and hear the addresses of Hon-

### HOME TALENT PLAY WILL BE REPEATED

Ashland Young People to Give "Her Gloves" at Lyric Theater March 30th.

Ashland, March 24.—The Home Talent Play "Her Gloves," produced and under the direction of Elmer L. Gailey, successfully given March 9, 1922 will be repeated at the Lyric Theater Thursday March 30, 1922 at 8:15 p. m. The play is said to have been the best ever given by local talent Admission 25 and 35 cents; proceeds will be used by the Philanthropic Committee of the Ashland Woman's Club. The cast is as follows:

Walter Dillingham, a real estate dealer—Louis Martin.  
Jefferson Ruggles, his father-in-law—William Kennedy.  
Robert Slocum, in love with Dora—Roy Christie.  
Charles Brooks, a neighbor—Raymond Ranes.  
Jim Ryan, a theatrical manager—Elwell Mau.  
Mrs. Lula Ruggles, wife of Jefferson—Pearl Shelton.  
Blanche Dillingham, wife of Walter—Lula McGrath.  
Dora Ruggles, his sister—Gertrude Hinds.  
Elizabeth Brooks, wife of Charles—Olive McDaniel.  
Valeski Bijou, an actress—Dora Hinds.  
The action of the farce takes place in the home of the Dillinghams, New Rochelle, N. Y., during the month of May.

White Canvass low cut shoes are here; its good policy to make your selection early, especially if you are hard to fit.

Andrew Russell and Governor Len Small.

### WOULD CHANGE ROUTE OF ROAD

The citizens of Murrayville and Woodson are working jointly in an effort to have the present route of the State Bond issue road changed between the two cities. The present route would take the hard road through territory that is very hilly and winding. The new plan calls for the cut off beginning one mile south of Woodson and continuing in a southwesterly direction parallel with the Chicago & Alton railroad between these two towns.

The old route is 4.4 miles long while the proposed new one will be 3.4 miles in length, or just one mile shorter. These facts were brought out at the meeting of the Morgan County Good Roads Association held Friday night and it was the opinion of the members present that this would be a great improvement. The new route would be accessible to a larger number of people living on farms between Woodson and Murrayville. The new route would not cross the railroad at any point and the danger of grade crossings would thus be eliminated. The shorter mileage in the new route adds another advantage to the proposed change and owing to those facts it is probable that the citizens of these towns will be successful in securing the adoption of their plans.

Mrs. L. H. Yeck and daughter Charlotte, of Browning, Illinois, were listed among shoppers in this city yesterday.

Miss Ruth Stubbfield is spending the week end at the home of her parents east of the city.

## All Aboard for the Auto Show and Merchants and Manufacturers Exposition I Am Going, Are You? Right! at the Auto Inn, Beginning Tomorrow

Spring is Here—Get in Line—Enjoy Yourself One Whole Week—Day and Night, Round and Round—Radio Concerts—Fine Exhibits—Evening Dances

The Show and its various entertainments will be given in a huge brick building, 180x180 feet, two floors, the whole magnificently decorated and brilliantly illuminated. No effort or expense has been spared to give visitors a show that would do great credit to a city of a half million population. The previous shows

staged under the auspices were beautiful and rated splendid success, but this far exceeds anything yet attempted. Hundreds of things to see and much to enjoy. "If you are pleased we shall feel more than repaid," so say those interested in planning and carrying out this entertainment idea for your enjoyment.

## YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

The United States has 640 war graves in France not registered. There are 10 "acos" of the World War now serving in the United States army.

The number of ex-service men receiving compensation from the U. S. Government is 153,651. The War Veterans Bureau at Washington is conducting more than 50,000 medical examinations every month.

The practice of pensioning or insuring sick or wounded soldiers is said to have been started in England by Oliver Cromwell.

At the time of the armistice, November 11, 1918, the World War was costing the United States approximately \$50,000,000 daily.

France has bestowed 73,000 crosses of the Legion of Honor or nearly 50 times more than the maximum number stipulated by law.

With the present American army of 140,000 men, the War Department has only 98,000 soldiers ready for immediate service in this country.

Trench maps which were printed for military use on strong canvas, are now being used in Eng-

land to make inner soles for shoes.

The total deaths in the American Expeditionary Forces, including those on transports, between May, 1917, and January, 1920, were 77,712.

Approximately 1,200,000 pairs of new trench and field shoes were sold for \$1.83 per pair by the Quartermaster Department of the United States army.

At the present rate of exchange it costs \$2,000 to maintain an American soldier for one year \$1,300 for an English soldier \$375 for a French soldier.

Germany is said to have a secret army of 1,500,000 strong. The "Orgesch" is known to be the leading force among these trained military organizations.

More than 300 destroyers of the United States navy are lying in various ports with depleted crews, barely sufficient to keep up their intricate mechanism.

Whenever possible, World War veterans are to be employed in building state roads in New York. Highway construction this year will provide employment for 2,000 men.

The British army is to be reduced to 33,000 officers and men. The personnel involves the disbandment of 24 battalions of infantry, 47 batteries of artillery and five cavalry regiments.

Half of the money for the erection of the community memorial building to be erected by the American Legion post at Sturgis, S. D., has been pledged by its members from State houses.

Because of the reduction of the American forces on the Rhine, German civilians, all war veterans carrying sawed-off shot guns, are employed to guard the barracks of the American forces in Germany and to drive army trucks.

Plans for the formation of what is believed to be the first organization of its kind in the United States—a fathers' auxiliary of the American Legion—have been laid by San Jose Post, No. 89, American Legion in California.

The new army insignia of Hawaii will be a green leaf on a red field, the leaf to be separated from its background by yellow piping. This insignia is to be worn as a shoulder patch by officers and men alike, on the left soldier.

Official figures of the War Department show that 44,085 bodies of American soldiers have been returned to the United States, that 118 more are to be sent home, that 479 have been or are to be sent to foreign countries, and that 31,400 are to remain in Europe.

When members of the American Legion of Brooklyn, N. Y., started a campaign to collect waste to aid needy ex-service men, legion officials declared that the movement would be a national one. Various posts throughout the country have already signified their intentions of thus aiding their former comrades.

Miss Marjorie Kay, of Detroit, Mich., has a huge leather belt containing 154 decorations and insignia taken from uniforms of officers and soldiers of the Allied armies. Some of the trophies are marks of the German and Austrian armies. Miss Kay acquired the collection in the course of her wartime service as a nurse in the United States army ambulance corps.

For the first time, the U. S. Government has asked for a share in German reparations payments. The money is to be used to defray the expenses of the American army on the Rhine, which Germany was obligated to pay by terms of art armistice. Virtually no payments have thus far been made, and the amount of Germany's indebtedness exceeds \$250,000,000.

As a protest against the sending of any more British ex-soldiers to Canada, Frederick Charles Parson, of Vancouver, B. C., sent his medals, his King's certificate, and his discharge papers back to King George. He has not been able to obtain work since his arrival is months ago, when he came from England under the British Dominion Emigration Society's plan.

**FRAUDULENT PAPER IS TURNED LOOSE**

Springfield, Ill.—By the A. P. Illinois bankers have been cautioned to be on the alert to avoid a flood of fraudulent paper which forgers have loosened upon the country. More than the ordinary precautionary methods have been urged by the Illinois Bankers Association upon its member banks.

"The largest number of crimes against banks consist of bogus checks and forgeries," the warning said. "And yet they are the simplest crimes to guard against. At the present time the country is simply flooded with fraudulent paper and the banks should be especially careful in handling checks and request their employees to do likewise."

The warning encourages banks to urge victimized depositors to prosecute all forgers who are caught, instead of compromising.

**SCHOOL FOR UMPIRES.**

CINCINNATI, O.—Having set a precedent in the organization of an Amateur Commission, an association of umpires, and a school of umpires, Cincinnati amateur and semi-pro-baseball players are now planning to form a "brotherhood" of players in the 18 year old class and under. The new organization will be conducted along the line of a fraternal association, even to the inclusion of the insurance feature. Another purpose of the body will be the establishment of a well governed general meeting place for the rising young stars where the in and out of the game may be discussed in an atmosphere of responsible supervision.

## TWO NEW SOIL REPORTS MADE

Reports From McHenry and Bureau Counties Have Been Released.

URBANA, Ill.—Two new soil reports—for McHenry and Bureau Counties—have just been released by the University of Illinois. These reports are a part of the series of bulletins announcing the results of the University's "soil survey" work which has covered most of the counties of Illinois.

There are 36 types of soils in Bureau county and 24 types in McHenry county, it is indicated in these new soil reports. Details of their information, an invoice of their plant food, and a description of individual soil types in each county are given. The bulletins are of general application in the relation of Bureau and McHenry county soils with those of surrounding counties.

The glaciations of each county, their physiography and drainage, soil materials and soil types are considered under "formation."

The bulletins tell of the thickness of soil deposits, varying from a few feet to 500 feet, with an average depth ranging from 200 to 300 feet. Upland prairie soils, upland timber soils, terrace soils, and swamp and bottomland soils are described individually.

Important principles of soil fertility, in order to help the farmer and land owner to understand the significance of the data furnished by the soil survey and to make intelligent application of the same in maintenance and improvement of the land, are discussed in an appendix.

Results from experience fields representing the more extensive types of soil found in Bureau and

McHenry counties, and furnishing information regarding effective practices in soil management, are embodied in a supplement with illustrations.

## CHURCH IS NOW BOARDING HOUSE.

LEBANON, Conn.—When Jonathan Trumbull of this town was governor of Connecticut, in Revolutionary War days, the Exeter Church society was formed to meet the spiritual needs of that village in this township. Governor Trumbull gave liberally to the society, the records show. It was formally organized in 1773, and passed out of existence on April 25, 1920. The original church building was supplanted by a quaint edifice in 1844 which eventually passed into possession of the Congregational Church Missionary Society of Hartford, Conn. The building has now been sold

for a boarding house. Lebanon in 1773 had 3,960 sturdy New Englanders. It has now 1,343 persons and few of these are descendants of the old families for Exeter its chief village, is now a summing place.

## 4,000,000 PEOPLE

Annually use organic Nuxated Iro to build up red blood, strength and endurance.

There are thousands of people who are aching and breaking down at a time of life when they should be enjoying that perfect health which carries defiance to disease simply because they are not aware of the condition of their blood. Without organic iron your blood carries no oxygen, and without oxygen there is nothing to unite with the carbon in your food so what you eat does you no good. It is like putting coal into stove without fire. You can now obtain organic iron like the iron in your blood and like the iron in spinach, lentils, and apples from any drugist under the name of Nuxated Iro. Nuxated Iro also contains the principal chemical constituent of active living nerve force; it is, therefore, a true blood and nerve food. It helps create and build new and stronger red blood cells.

Feeds the body the substances which nerve force must have to give it that vital, electric magnetic power which is stored in the nerve and brain cells of man. Nuxated Iro offsets the weakness and endurance of weak, nervous, rundown men and women in two weeks time. The manufacturers guarantee successful results to every purchaser or they refund your money.

## A LITTLE PRICE FACT

I hear men say, now and then: "Oh, Weihl is too high for me!" These men do not stop to think they can get as good, or better suit from me at \$50 than they can get elsewhere. An \$85 Weihl suit is worth \$85. You cannot get the quality elsewhere. The goods are not carried. I can prove it to you. If you will use your own judgment, instead of taking snap judgment of perhaps an inexperienced and eager salesman, you can demonstrate this truth to yourself. The domestic and imported Spring fabrics I am now showing are a good illustration of this. I can make you a splendid suit from one of them for just what it is worth and it will outlast anything at the same price or less bought without consideration of the material or workmanship. It is true economy to buy standard clothes from a regular merchant tailor.

LET'S HAVE IT READY EASTER

We are now ready with a new line of Spring Underwear—the comfortable kind, and the new Spring Shirts and Neckwear.

### PRINCESS MARY CUT CAKE WITH SWORD

Much Merriment Created at Wedding Feast—Hatchet and Machine Gun are Suggested to Separate Cake.

LONDON.—Princess Mary borrowed Viscount Lascelles sword to cut the huge wedding cake which was served at her wedding breakfast. When the party had assembled in the dining room of Buckingham Palace, King George invited the Princess to lead the attack on the formidable 500-lb. confection.

Viscount Lascelles acted as her escort and as they approached the huge cake he handed her his sword. Prince Henry who was also behind his sister offered to get a hatchet, but Princess Mary laughingly declined.

The Duke of York evoked a laugh by suggesting that a Louis (machine) gun might settle the thing more expeditiously than either sword or hatchet.

The Daily News correspondent who thus describes the fun at the wedding breakfast failed to state what success the Princess had with the sword. He says that when the Queen Mother Alexandra arrived at Buckingham Palace after the wedding ceremony, Princess Mary made an impetuous dash at her and the two embraced affectionately.

The Duke of York remarked that Queen Alexandra was the first to kiss the bride but Queen Mary smilingly refuted it, saying that she had kissed the Princess when the register was being signed in the chapel of Edward, the Confessor.

"Well, anyhow," the Duke of

York is quoted as saying, "I am going to be the first bachelor to kiss her," and he did it so emphatically as to cause a laugh at his expense.

King George suggested that the Duke might like to kiss all the bridesmaids also but at this point the Duke's nerve evidently failed him.

**Y. M. C. A. THRIVING  
IN OLD MEXICO**

President Obregon is Taking a Friendly Interest in the Movement.

CHICAGO.—The Young Men's Christian Association is thriving in Mexico, with President Obregon and the Mexican government taking a friendly interest in the movement, according to K. A. Shumaker, secretary of the state association, who has just returned from a six weeks visit to the southern republic where he studied the progress of the institution.

Mr. Shumaker said he found the association operating at Mexico City, Chihuahua, Monterey and Tampico, and in vigorous condition. "As early as 6:30 a. m., the gymnasium of the \$300,000 building of the Mexico City association is crowded with young men and boys for games and classes, and this continues until 8 at night," he said.

The Illinois secretary discussed the service of the association in Mexico with President Obregon, and he said that because of the president's friendly interest the Mexican government has subscribed 50,000 pesos (nearly \$15,000) to the development of the Y. M. C. A. in that country. President Obregon, Mr. Shumaker said, promised that so soon as the affairs of the government were in such shape to make it possible, further aid would be forthcoming.

"In helping the Y. M. C. A.," Mr. Shumaker quoted President Obregon as saying, "our motive is entirely selfish. You are cooperating in the development of our country and we desire to cooperate with you. You can count on the government giving the association the largest possible assistance, for we believe this work is worthy of the fullest support."

The ability of the native leaders of the Y. M. C. A. in Mexico greatly impressed Mr. Shumaker. The few secretaries from this country are meeting with great success in training Mexicans of ability and leadership to be their own successors, he said. One of the leading American secretaries in Mexico is Walter C. Taylor, general secretary of the Mexico City Association who went to that position from the Y. M. C. A. of Naperville, Illinois.

All Mexico looks eagerly for recognition by the United States according to Mr. Shumaker.

Mrs. Harry Cade was a shopper in Jacksonville yesterday from Murayville.

### MANY VIOLATIONS OF MEDICAL PRACTICE ACT

Seventy Eight Have Been Convicted During the Last Three Months.

SPRINGFIELD, Ill.—Seventy-eight persons have been convicted violating the medical practice act, the pharmacy act and various other licensing laws in Illinois during the last three months, the department of registration announced recently.

In most instances only nominal fines were imposed. W. H. Miller, director of the department said, the total amounting to only \$1281. Many other cases in which arrests have been made are still pending in courts throughout the state.

Arrests for violation of the pharmacy act were most numerous. Thirty-nine druggists, 24 of whom were convicted, were arrested upon information by the department for practicing as pharmacists without state licenses. Three of these cases are still pending and twelve were dismissed.

Violations of the medical practice act were second in number, thirty-seven arrests being made, resulting in nine convictions with twenty-six cases still pending. The fines for violation of the medical practice act were \$825 and for violation of the pharmacy act \$430.

The number of arrests and convictions under other laws and the amounts of fines assessed follow:

Barber act—31 arrests, 22 convictions, 5 dismissals, 4 pending; fines \$195.

Architectural act—11 arrests, 2 convictions, 9 pending; \$55 fines.

Dental act—3 arrests and convictions; fines \$50.

Horseshoers law—4 arrests, 3 convictions, 1 pending; fines \$22.

Optometry act—2 arrests, 1 conviction, 1 pending; fines \$25.

Veterinary law—5 arrests, 2 convictions, 2 acquitted by juries; fines \$50.

Plumbing act—14 arrests, 13 convictions, one pending; fines \$109.

SPEED VIOLATORS  
SPEND LOTS OF MONEY

St. Louis, Mo.—Speeding is the costliest ordinance violation indulged in by St. Louisans.

Starting at scratch it costs \$1 per mile to speed here. The minimum fine for this offense is \$28 as the automobilist has not broken the ordinance until he has "stepped on it" at the rate of 28 miles an hour. A two time offender is assessed double this rate, and a third offense carries a \$500 fine.

The auto speeder in St. Louis is locked upon as the "aneel" of the police court. Prior to the advent of the automobile the police courts annually sustained deficits, according to the records, but the erring autoist has turned profit into loss. The last annual report of the police court showed that they had incomes of nearly \$65,000 with expenses of only \$25,000. Most of the income was derived from fines imposed on motorists.

Being in the habit of usually paying their fines in cash, few automobilists spend time in the workhouse for their offense. If the speeder hasn't the amount of his fine, he is given grace to collect the cost of his indiscretion.

# Studebaker NEW BIG-SIX

Series 22

## At the Show!

The New Studebaker Cars, now on display at the Show, insure a continuance of Studebaker leadership in motor car VALUE.

In the New BIG-SIX you get the wonderful performance of its 60-horsepower motor, the roominess of its seven-passenger Studebaker-built body, its unusually easy gear shifting, and steadiness on the road at all speeds.

There is distinctiveness of appearance in its headed edge body, tailored top, massive head lamps, graceful cowl parking lamps, and

Look for These Features in the New Big-Six at the Show  
60-H.P., 3½ x 5-in. motor with detachable head. Dry plate disc clutch which makes the shifting of gears unusually quiet and easy.  
Intermediate transmission.  
A new seven-passenger body mounted on a sturdy chassis of 126-in. wheelbase, with heavy headed edge, graceful cowl, larger and higher hood; built complete in Studebaker plants.  
New one-piece rain-proof windshield that gives greater vision. Windshield wiper. Cowl parking lights, miniatures of headlights, in corners of windshield.

clear-vision, one-piece rain-proof windshield.

But basically, the New BIG-SIX is the same dependable car that contributed much to making 1921 a Studebaker Year.

If you pay more than the price of the New BIG-SIX you may buy more weight, but is it impossible to get finer materials or better workmanship. Its light weight and the use of the highest quality materials, contribute in making the New BIG-SIX the greatest 7-passenger automobile value on the market today.

Cowl ventilator, operated from dash. Courtesy light on driver's left. Tonneau light with extension cord.  
Massive and artistic headlights with improved deflecting and diffusing lenses.  
Deep, luxurious cushions upholstered in hand-buffed genuine leather. Large plate glass window in rear of tailored top.  
Tool kit in pocket on left side of driver, locked with same key that fits transmission lock and ignition switch.  
32x4½-inch cord tires.

## ILLINOIS COLLEGE NOTES

The Endowment Clock in the chapel was moved forward another \$1,000 Friday morning. This subscription came to the college office a few days ago from a Chicago alumnus of the class of '96. It is the second \$1,000 this alumnus has given.

At the interesting meeting of the Chicago Society of Illinois College, on the evening of March 18th, the presence of John H. Spears, '69, and John Scott Stevens, '70, served to link the more distant past with the recent past and present. Mr. Stevens is a familiar figure to Illinois college men in Chicago and has served the society as its president, but Mr. Spears has been, to most of them, a stranger. At least, one who was present at the recent meeting had not seen either of them since he heard them make their commencement day speeches. Fate and the years have been kind to Mr. Spears, and the abounding strength and vigor of his student days are still his rich possession. After all the years his commanding presence would make him a marked man in any company, large or small. Mr. Stevens is remembered by students of his time as a debater of great ability, and participant in two joint debates as a representative of Sigma Pi. It has been said that his superior as a debater has never been heard at Illinois college. After fifty-two years his bearing still suggests the student and the scholar, and his lawyer his qualities have won united recognition.

The Reverend George C. Lenington, '92, was in the city Friday, called here on account of the death of his mother.

The Library recently received several old catalogs, old commencement programs, and a copy of Dr. Sturtevant's Autobiography from Miss Margaret Brown of Chicago.

Harry J. Dunbaugh, '90, was present at the joint debate Monday evening.

Coach W. T. Harmon went to Greenfield Tuesday and spoke at a

meeting for the organization of a Hi-Y club in that town.

President. Rummelkamp, Professor Ames and Coach Harmon of the Illinois faculty were among the representatives of the local Rotary club who went to the Decatur convention recently. The Illinois College band, which went with the Jacksonville delegation, received many compliments for its fine playing.

The president of the Illinois colleges that are members of the Illinois Intercollegiate Conference recently held a meeting at the University club in Chicago to consider various matters relating to the athletic situation among the colleges of the state. The meeting went on record as endorsing the principles advocated in a paper read before the Evanston meeting of the Federation of Illinois Colleges by O. E. Pence, the State College Secretary of the Y. M. C. A. Various matters of practical importance were discussed and a resolution was passed calling upon all colleges to be represented by some other faculty member in addition to the coach at the various meetings of the State Conference.

## COLLEGE OF MUSIC NOTES

The Glee Club under the direction of Miss Miller gave a concert in the Lyric Theater at Winchester Thursday evening under the auspices of the Senior Class of the high school. The concert was a huge success both artistically and financially. Every seat in the theater was occupied and many people were turned away.

The Advanced Students' Recital held at Music Hall last Monday evening was well attended. Each performer acquitted herself well and reflected only credit on the various teachers represented.

Among the Jacksonville people who attended the Kreisler concert at Springfield were Director Pearson, Miss Horsburgh, Miss Kirby and Miss Melus of the faculty. A number of the students also availed themselves of the opportunity to hear the great violinist.

Miss Gertrude Tompkins, piano pupil of Miss Florence Kirby played two piano solos, Monday, March 20th, for the Queen Esther Society of the Grace M. E. Church.

Miss Florence Kirby substituted at the organ at the Christian Church last Sunday for Miss Alice Mathis.

The last number of the Artist Series will be given in Music Hall Monday evening, March 27, by the Zoellner String Quartette, Jacksonville has had the splendid opportunity of hearing the Zoellners before so they need no introduction here. The aim of the Zoellner Quartette has been to give chamber music a wide audience. They regard the string quartette as offering the most intimate personal appeal to the audience; they believe in its educative power and value, and have shown their faith during seven seasons by visiting towns that never before had heard a string quartette. In so doing, they have achieved their purpose. The Zoellners today are considered one of the greatest chamber music organizations now appearing before the public. America by reason of birth and citizenship has the honor of claiming as her own this famous quartette, but the entire musical world of two continents and hemispheres has just cause to rejoice in the possession of the Zoellners.

The following program was given by advanced students of the College of Music at Arenville last Friday evening:

Orientele ..... Qui  
Scherzo Rosmarin ..... Kreisler  
Christine Cotner.  
Robin, Robin Sing Me a Song.  
..... Spross  
Tis Only a Tiny Garden ..... Wood  
Homing ..... del Riego  
Grace Terhune.  
Prelude in G Minor.  
..... Rachmaninoff  
Margaret Merker.  
Le Cygne ..... Saint Saens  
Scherzo, Dittersdorf.  
..... Kreisler  
Christine Cotner.  
Oh, for a Breath of the Moor-lands ..... Whelpley  
I Know a Hill ..... Sheelpley  
Phyllis Is My Only Joy.  
..... Whelpley  
Make Me a Song ..... Hadley  
Grace Terhune.  
Concert Etude ..... MacDowell  
Christine Cotner.

## FINAL NUMBER OF ARTIST'S COURSE MONDAY EVENING

Woman's College Will Present Zoellner String Quartette in Excellent Program.

The last of the 1921-22 Artist Series of the Illinois Woman's College will be given by the famous Zoellner String Quartette in Music Hall on next Monday evening, March 27, 8:15 o'clock. Concert goers and patrons of the Artists Series will recall the appearance of the Zoellner String Quartette in the Artists Series three years ago.

It will be recalled that they were late in arriving in the city and did not start their concert until nine o'clock or after but the artistry which they displayed was so marked and enthusiastically received that not a single person left the hall and many extra numbers were added to the program. On account of the profound impression that they made at that

time and the many requests for their return, they were brought back in the Artists Series this season. Notwithstanding the crowded calendar of events in the city, it is expected that a large house will greet them on Monday evening.

The following splendid program will be given in their Jacksonville concert:

Quartet Op. 70 No. 5 ..... Haydn  
Allegretto  
Largo, Cantabile e Mesto  
Menuetto, Allegro  
Finale, Presto

Quartet ..... Ravel  
Allegro moderato, Tres, doux  
Assez vite, Tres, Rhythme

Quartet Op. 27 ..... Grieg  
Un poco Andante, Allegro molto ed Agitato Romanze, Andantino  
Intermezzo, Allegro molto marcato  
Lento, Presto al Saltarello

Studebaker

The New LIGHT-SIX  
\$1045

f. o. b. South Bend

Studebaker is the world's largest  
builder of six-cylinder motor cars!

1921 was the TEST YEAR for motor car values. It was a year of discriminating buying. People did not buy cars, last year, as the result of a whim or fancy. They bought on the basis of intrinsic values.

And in such a year Studebaker built more six-cylinder cars than any other manufacturer in the world.

Look for these Features in the New Light-Six at the Show:

A car of 112-inch wheelbase, built complete in Studebaker plants, seating five, adults in perfect comfort. Genuine leather upholstery.

40-H.P. 3 1/2 x 4 1/2 detachable head motor of exclusive Studebaker design. Intermediate transmission. Valves inclined at 20-degree angle for purposes of greater economy and smoother performance.

Patented internal hot-spot, which means greater efficiency. Completely machined crank-shaft and connecting rods.

Cowl ventilator controlled from dash. Cowl parking lights. Thermostatic controlled cooling system. Large plate glass window in rear of top.

22 x 4-inch cord tires.

THIS IS A STUDEBAKER YEAR

## Church Services Today

Grace M. E. church, Rev. Thos. H. Tull, pastor—Sunday school at 9:30. Every member and friend of the church is urged to attend Sunday school. We are barely leading the Bloomington school in the contest. We want at least five hundred in attendance and four hundred on time. Rev. Casely of the Grace church, Bloomington, will occupy the pulpit both morning and evening. Rev. Tull is to supply the Bloomington church. Rev. Casely is recognized as one of the strong men of the Illinois Conference. Morning preaching 10:45. Junior and Intermediate League's meet at 2:30. Senior League at 6:30, with an interesting program. Evening preaching service at 7:30. Special music by the choir under the direction of Prof. Pearson, organist.

State Street Presbyterian church—Rev. W. H. Marbach, pastor; T. M. Tomlinson, S. S. Supt.; Mrs. Barr Brown, choir leader; Mrs. H. Ayers Bullard, organist. We are always glad to greet strangers and visitors to the services of this church. Members will kindly note that this is the last Sunday of our church year. Financial obligations should be met if possible. Self-Denial Benevolent offerings should be in by Sunday evening. It will be a distinct privilege to hear Dr. Warren H. Wilson of the "Rural Church" expert of the Presbyterian church, U. S. A., who will preach at the evening service. Pass the good word along. Come and bring your friends.

Salem Evangelical Lutheran church—College and South East streets—Rev. J. G. Kuppler, pastor. Fourth Sunday in Lent. Sunday school at 9 a. m. Public worship in German with communion at 10:30 a. m. Preparatory service at 10 o'clock. English evening service at 7:30. Subject: "The Theater." Choir practice Friday evening. A cordial welcome to all.

Central Christian church—M. L. Pontius, minister. Bible school at 9:30 a. m. B. O. Roodhouse, superintendent. Morning worship at 10:45. Sermon on the subject "Rebuilding the Walls." Evening service at 7:30. "The Four Power Treaty" will be considered in the Five-Minute Talk. Sermon theme "Am I My Brother's Keeper?" Music by the quartet at both church services. C. E. meetings at 6:30 with the following leaders: Paul Bolman of the Senior, Miss Mildred Edmonds of the Intermediate and Edwidge Tiff of the Juniors.

First Baptist church—If the weather man sends another heavy shower of rain as he did on last Sunday at the close of the Sunday school hour which begins at 9:30 a. m., we shall observe another "Stay to Church Sunday." Stay anyway! It will be a treat to hear Miss Helen Rawlings, a member of the Jacksonville Baptist church who is enroute to Hangchow, China, where she will resume her missionary work. The hour of service is 10:45 a. m. The trio will sing "Praise Ye," by Verdi, and Mrs. E. C. Ellis will sing "The Good Shepherd," by Barry. Both Baptist Young People's Unions will have a missionary program on the subject, "The Story of Work in South China," at 6:30 p. m. The pastor, Rev. A. P. Howells, will speak on "Experimental Religion," at the evening service commencing at 7:30 p. m. The revival chorus conducted by Mrs. Hackett Wilder will sing. The church will join with the other churches of the city in a week of Union evangelistic services beginning on Monday. The Thursday night service will be held at the Baptist church. The front seats at all of these services will be reserved for the Jacksonville laymen who say that the ministers can't get together. April 2, is the date. Frank M. Dunk is the evangelist. Fifteen days is the length. The First Baptist church is

the place, and "Welcome" is the word.

Trinity Episcopal church—J. F. Langton, rector; H. M. Andre, Senior Warden; Prof. J. G. Ames, Junior Warden. Fourth Sunday in Lent. Early service 7:30. Sunday school 9:30. Morning prayer and sermon 10:45. Evening prayer and sermon 7:30. The Rector will preach on "Evolution and the Idea of God." Tuesday, prayer and address 4:30. Wednesday, evening prayer and sermon, 7:30. Thursday, Holy Communion, 7:00 a. m. Friday, prayer and address 4:30. Church open every day. Come in—rest and pray. Tuesday, Guild, all day.

Church of God—The church of the people will hold services at Redmen's Hall Sunday at 10:30 a. m. and 7:30 p. m. Our creed: The New Testament. Come and hear. See and be convinced. We preach the truth on ly. Hilda Vail, minister.

Northminster Presbyterian church—Walter E. Spoons, minister. Preaching at 10:45 a. m. and 7:30 p. m. Dr. Sears will preach both morning and evening. He is here to conduct a revival in this church for the next three weeks. Dr. Sears is not only a humorist of the first and highest class but he is a fine preacher. He preaches a happy whole-soul gospel. He believes that there is as much religion in a hearty laugh as in a cry. If you are bothered with the blues hear Dr. Sears. Sunday school at 9:30 a. m. William Bieher, superintendent. Christian Endeavor at 6:30 a. m. The annual meeting of the church will be held next Wednesday evening at 7:30. At this meeting there will be four elders elected, two deacons and two trustees. Let every member be at this meeting. The Wednesday evening zinecon will be at six o'clock instead of 6:30. Remember that we extend to all a hearty invitation to attend the revival meeting regardless of clothes, creed or condition.

The Salvation Army, 108 E. College street—Meetings for Sunday, March 26, 1922: Sunday school at 2:30 p. m.; Young People's League at 6:30 p. m.; Evening service at 8:00 p. m. Meeting through the coming week: Tuesday evening, 8:00 p. m.; Thursday, 8:00 p. m.; Saturday, 8:00 p. m. The Salvation Army extends a welcome to all. Come and bring your friends. Lieut. L. E. Hall.

First Church of Christ Scientist, 523 West State street—Sunday morning service at 11 o'clock. Subject of the Lesson sermon: "Reality." Sunday school at 9:30. Wednesday evening Testimonial meeting at 8 p. m. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the church services and to visit the reading room.

Brooklyn M. E. church—G. W. Randle, pastor; J. H. Reid, S. S. Supt. Sunday school at 9:30 a. m. Public worship at 10:45 a. m. and 7:30 p. m. Morning theme: "Seeing the Invisible." In the evening stereopticon pictures will be shown illustrating the achievements of the church in the United States. An offering will be taken. The Epworth League meeting will be led by Harriette Cox. There will be no church night this week on account of the Union revival meetings which all are asked to attend.

Westminster Presbyterian church—

Sunday school at 9:30 a. m. Morning worship at 10:45. Dr. Warren H. Wilson of New York, secretary of Country Work of the Presbyterian Home Board, will preach upon "Can the Country be Saved." There will be an especial self-denial offering for the Boards of the Presbyterian church. Miss Louise Miller will lead the singing with the Junior congregation. At 2 p. m. the funeral services of former elder W. T. Brown will be held. At 6:30 the Christian Endeavor societies will have for a subject "What Our Country Owe to Home Missionaries." Luke 10, 1-17. At 7:30 at the evening service there will be given the films "David and Abigail" and "The Prodigal Son." Dr. Smith will preach upon "The Two Fathers." The chorus of the Christian Endeavor Society will sing, with Miss Miller leading. On Wednesday evening the Union Gospel service, all the churches uniting, will be held at Westminster, a chorus leading the singing.

Pisgah Presbyterian church—At 3 o'clock on Sunday the 26th there will be church service, when Dr. Warren H. Wilson of the Presbyterian Board of Home Missions will preach. A large attendance is looked for. Important matters are before the congregation.

Centenary Methodist church—C. D. Robertson, pastor. This is the last Sunday of the quarter for the Go-to-Church club. All cards will be taken up during the day so that the number of those entitled to recognition can be checked. The cards will be returned next Sunday to begin a new quarter. Anyone can join the club for the second quarter whether a member now or not and we hope a great many more will enroll for the second quarter.

The first entertainment for the club will be Saturday evening, April 1 at 7 p. m. in the church parlor. All who have the required ten marks on their attendance cards are invited.

The pastor will preach at both services. Morning subject: "The Christ in Life." Evening subject: "The Parable of the Sower." Go-to-Church club—"What is it Worth?" Sunday school at 9:30 a. m. A. C. Metcalf, superintendent. Epworth League at 6:30 p. m. Leader, Mrs. Siegfried. Pre-Easter union services begin Monday, March 27. The first of these meetings will be in this church on that date at 7:30 p. m. Everyone is invited to every one of these services at the church where the folks are glad to see you. The Passavant Hospital emergency committee will meet Monday afternoon with Mrs. C. L. Hankins, 418 Kentucky street.

Congregational church—George E. Stickney, minister. Church school at 9:30. Dean G. H. Scott, superintendent. Dr. Post's Bible class meets at 10:00. Morning service at 10:45 with sermon by the pastor. Christian Endeavor at 6:30. Evening service at 7:30. Other appointments for the week are as follows: Union services every night except Saturday. Monday, Junior Scouts. Tuesday, Social Circle will meet with Mrs. Putnam on Sandusky street. Yejoo Campfire. Union service 7:30 Wednesday. Boy Scout Troop No. 6. Prayer meeting will be omitted on account of the union services. Thursday, Okie Campfire. Friday, Professional Woman's Club. Saturday, the Aokiya and Oecema Campfires meet. Library open from 2:30 to 5:00. You will find a welcome here.

### Conservatory Notes

There will be a students' recital on Friday afternoon, March 31, in Recital Hall at 4 o'clock. The public is cordially invited.

At the recital last Friday evening, March 24th, in Recital hall by Miss Blanche E. Tripp, mezzo-soprano, and Mr. Arthur Perbix, violinist, the following program was presented:

Romance in G major, Beethoven  
Mr. Perbix  
Recitative and Aria from "St. Paul" Mendelssohn  
Miss Tripp  
Arietta from "The Barber of Seville" Berger  
Bird as Prophet, Schumann-Auer  
Pierrot's Serenade, Rindogger  
Mr. Perbix  
Ela Sewan, Grieg  
Si mes Vers avais des Ailes, Hahn  
Mon Jardin, Fouldrain  
Miss Tripp  
Minuet in G major, Kreisler  
Paderewski-Kreisler  
Tango, Albeniz-Elman

Wake Up, Phillips  
To a Messenger, La Forge  
Miss Tripp

A Joint Recital will be given by Miss Ruth Melba Armstrong, contralto and Miss Helene R. Sorrells, violinist, on Friday evening, April 7th.

Of the members of the faculty Messrs. Krlich, Munger and Quast, Misses Armstrong, Foreman, Moore, Pires and Sorrells attended the Kreisler recital in Springfield on Thursday evening, March 23rd.

Mrs. Bullard is visiting with her daughter Miss Virginia in Chicago.

### NORTONVILLE

Earl Owens, son of Ezra and Janie Owens, died at his home near here Tuesday night. He had been sick for several days with the flu which developed into pneumonia. The family have all been sick with the flu and the mother and son taking double pneumonia about the same time.

and none of the rest scarcely able to care for themselves, made the case more pitiful.

Aunt Mary Ann Henry went to the home of her daughter, Mrs. Justin Scott, of Scottville on Thursday morning. She has been at the home of another daughter Mrs. Alice Story of this place all winter.

Hilda Alice Bolton and Rudolph Tribble who are having a siege of pneumonia are improving, being able to sit up for a short time.

E. T. Story and daughter Ada spent Thursday with the former's son Frank of Jacksonville, who was seriously injured at that place Monday. Mrs. Story returned home Wednesday night, having been up there since Monday.

Nyle Tribble is the latest flu victim having been sick since Wednesday night. Others reported the first of the week are improving.

The school children and their teachers had a spring yard cleaning Wednesday making the school grounds ready for the last day of school on April 5th.

Warren Fanning, Leonard Dalton, Oren Butler and their families

were all Jacksonville visitors on Wednesday.

Dewey Bolton spent Tuesday in Franklin.

Fay Henry is out of school on account of a severe cold.

## The Jewett Is Here

## The Price Is \$1065

The New Jewett Light Six is now on exhibition in our show rooms.

To you, and everyone who is interested in motor cars, we extend a very cordial invitation to see this car and arrange for a demonstration.

And we do not hesitate to say in advance that you are going to be surprised, delighted and not a little mystified.

You are going to be surprised because the Jewett is all that you have imagined—and a great deal more.

You are going to be delighted because it is the very car that you have hoped for—and waited for—these many years.

You are going to be mystified because you will, for the first time, view a fine quality six at the price of a four.

To produce this car and sell it for \$1065, f. o. b. Detroit has required years of study and all the ingenuity and resources of the Paige Engineering staff.

It would have been a simple matter to compromise on four cylinder construction and thus achieve a popular price. But mere price was not the aim and the Four can no longer be considered in terms of fine engineering.

This is the day of six cylinders because the six is an inherently balanced mechanism. The natural balance and overlapping power impulses mean, smooth, even, vibrationless riding qualities.

These, in turn, mean maximum economy

because friction and vibration are the chief destructive agents in mechanics.

You have only to ride in the best four that was ever built to realize its fundamental imperfections.

The Four must "fight" to get under way. It delivers a series of vicious, stabbing blows on the crank shaft. In consequence, the entire car throbs and vibrates like a tuning fork.

How long, do you imagine, can any mechanism remain staunch and tight under such punishment?

Fours will "run," of course. But how do they run? And how much genuine satisfaction is there in the running?

Is it a nerve-racking chug-chug or the soft, thrilling purr of overlapping impulses.

For these reasons, and many others, the New Jewett is a six with a mighty reservoir of fifty horse power.

It will sweep you over the road at sixty miles per hour, if you like, or amble along at three. And, at either pace, you will travel as sensible people want to travel—easily, smoothly, quietly.

In spite of its amazingly low price, the Jewett is a car of rare beauty, finish and appointment. It is a stinging rebuke to the common place designs of the popular priced field.

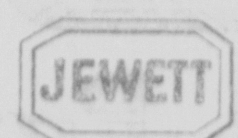

Best of all it is built as all Paige products are built to serve you faithfully and with deep respect for your pocket book.

But come in and see the Jewett for yourself. Come prepared to ride with us. For that is the one way that you can experience the thrill of commanding a fifty horse power six cylinder motor.

That is the one way that you can actually know and appreciate the Jewett.

## How to Find a Used Car Bargain

The astonishing conditions now prevailing in the used car field assure genuine bargains only when the purchaser makes sure of certain facts.

First—Select a car that is of reputable make—whose name plate has always stood for quality and reputation in its class.

Second—Know what you are buying. Insist on knowing the condition the car is in. The importance of operating and maintenance costs applies as much to used as to new cars.

Third—Buy from a reputable dealer who has a reputation to protect and preserve. Do business with the dealer who is willing to give you all the facts and who can and will guarantee your title.

Our reputation rests as much on the used cars we have sold as on the new ones. Thanks to recent price reductions to pre-war levels we have some of the biggest values in used cars we have ever known. Come in and examine them.

We guarantee our used cars to be exactly as represented or money refunded

# WORLD TIRE STORES

A CHAIN OF STORES FROM COAST TO COAST

## BUY TIRES

From the World Tire Store  
In this Town and save  
25% To 40%

This great tire corporation with hundreds of chain stores everywhere, controls the output of four immense tire factories producing standard brands of highest quality tires. The chain store system of retailing enables us to deliver to motorists everywhere the finest quality of tires built, backed by the most liberal guarantee.

We save you from 25% to 40%! The same benefits that you receive in purchasing other first quality merchandise at chain stores, such as cigars, groceries, etc., are now available to you in the purchase of your tires and tubes. You can rely on a World Tire Store. Note these Values:

### The Dunbar

The heavy, rugged construction of Dunbar Fabric Tires gives wonderful mileage service and has won for Dunbar Tires a host of enthusiastic users.

### The Michigan

Michigans are without doubt the lowest priced highest quality Cord Tires ever offered. They mean Cord Tire service at a Fabric price.

### The Hall

Without question the finest grade Cord Tire ever built. Strong, sturdy, durable and handsome they invariably give much more mileage than their guarantee. Once a Hall user, a Hall user.

### The Monarch

The Monarch is a real quality fabric tire and is comparable only to the very best fabric tire offered today. The price is much less than what you are asked to pay for the equal fabric quality in other brands.

## STRANGE MONSTERS TO BE HUNTED FOR IN THE WILDS OF ARGENTINA

If Any of These Animals are Loafing Around  
Your Premises Notify the Field Museum  
—Want Some of Them Alive But Will Take  
Them Dead—See What Scientists Say

(By The Associated Press)

CHICAGO, Ill., March 25.—One really doesn't hunt 1,500 pound mammals with turtle-like shells and 10-foot tails which look like formidable spiked warclubs except in bad dreams, but a party from the Field Museum will hunt for such an animal, and others as strange in Argentina, this fall. Elmer S. Riggs, curator of the department of paleontology, will head the expedition, and he means to bring back the megatherium and the glyptodon dead or alive—probably dead, as they are recorded as having been extinct a long while. The glyptodon is the creature with the charming tail described above; the megatherium, a variety of ground sloth is a fellow a few sizes larger than the elephant. The sloth known today is a dweller in trees, from which he hangs all day, moving slowly about toward dusk. The megatherium, however, had no need to climb trees, for he could stand on the ground and reach lofty branches with his forepaws.

These are a few of the huge monsters Mr. Riggs will seek in the southern wilderness. He won't disdain however to look about for extinct animals as small as mice, and expects to find the remains of a number of them. Mr. Riggs' expedition will be one of five which the museum has begun to send to South America. A botanical party is already in British Guiana. Mr. Riggs will sail in the fall in order to be in the southern hemisphere when it is spring there. The party which will also include J. B. Abbott of the museum and one other experienced field worker yet to be selected.

ed, will look for fossils where the sea has worn away the rocks along the Argentine beaches. In some places the rock system of the Argentine coast is exposed for a mile.

The extinct animals of South America are particularly interesting, Mr. Riggs says, because they are chiefly marsupials and are more closely related to the fauna of Australia than to that, living or extinct, found in North America or elsewhere.

The distinctly South American animals now extinct include, besides the ground sloth and the glyptodon, a camel-shaped beast with the snout of a tapir, and a heavy-bodied river animal which resembled the hippopotamus, having hoofs, huge teeth and the skull of a horse.

The prehistoric South American and North American animal life is dissimilar because the continents were long separate. When a connection arose some of the animals crossed over, the ground sloth into the northern, the mastodone and mammoth into the southern continent, scientists say. The first ground sloth found in North America was described by Thomas Jefferson and bears his name—megalonix jeffersoni.

### POLICE SHOW GOOD JUDGMENT

SAN ANTONIO, Texas, March 25.—Officers found a sixty year old man asleep today among many tombstones at the plant of Rodriguez Brothers, stone carvers. In his pocket was a flask half filled with denatured alcohol.

Across the street was an undertaking shop. Immediately east of the plant was a hospital. Diagonally across the corner is the tombstone of Ben Milam, in Milam Square, the city's first graveyard. Officers were undecided at first which direction to carry the man. Finally they took him to the hospital. He revived sufficiently to pay a \$10 fine this morning.

## Condensed Telegraphic News

(By The Associated Press)

CHICAGO, March 25.—An involuntary petition in bankruptcy was filed in federal court today against Marshall & Company, a brokerage firm with offices here and in several other mid-western cities. The petition listed assets at \$50,000 and liabilities at \$175,000.

MURPHYSBORO, Ill., March 25.—What was believed to have been an earthquake slightly shook buildings here at 10:20 a. m. today. No damage was reported. The tremors lasted about one minute.

CHICAGO, March 25.—The "Siamese Twins," Rosa and Josefa Bazez, who were born joined together, were taken to a hospital today. One of them was said to be critically ill. Physicians recently examined the twins to see if it would be possible to separate them, but decided that the necessary operation would prove fatal.

ROCKFORD, Ill., March 25.—Mrs. May Sorter and Amos Estes, who were shot last night by Walter Kalamaka, an Hawaiian, who then killed himself, will recover. It was said by the hospital physicians today. Rejection of Kalamaka's attentions by Mrs. Sorter is believed to have been the motive of the shooting.

ROCKFORD, Ill., March 25.—Told by the court that one or the other must serve a jail sentence for violation of the liquor law and to decide between them which it could be, Mr. and Mrs. Anton Goodoff faced Judge Welsh today. Mrs. Goodoff assumed the responsibility for the sales of liquor and was given sixty days in jail.

SPRINGFIELD, Ill., March 25.—Governor Small today appointed E. J. Hoey of Secor in Franklin county, to be state mine inspector to succeed John O'Rourke of Frankfort. The appointment is effective April 1.

NEW YORK, March 25.—The actual condition of the clearing house banks and trust companies for the week shows that they hold \$47,571,320 in excess of legal requirements. This is a decrease of \$1,59,800 from last week.

ASHTON, Ill., March 25.—News was received here today of the death in Eagle Grove, Iowa, Friday, of Samuel Wood, 71 years, who was believed to have been the oldest of retired Chicago and Northwestern railway engineers. He was pensioned four years ago. The remains will be brought to Ashton for burial.

NEWTON, Mass., March 25.—The death of George C. Costigan, who was a member of Admiral Peary's expedition to the north pole in 1909, a veteran of the Spanish-American war, the Boxer uprising and the Philippine insurrection, became known today. He had been in a hospital here for a year and a half suffering from the effects of poisoning contracted while employed at the Watertown arsenal.

PARIS, March 25.—Sir Robert Horne, chancellor of the British exchequer, has arrived here to confer with Charles De Lasteyrie, French minister of finance, on the American note concerning reimbursement for the costs of occupying the Rhineland.

MEDFORD, Mass., March 25.—Tufts college today announced plans for a course of lectures by radio. The plan was described as constituting a wireless college with a faculty made up of Tufts professors. The lectures will be broadcasted twice a week to more than 35,000 persons scattered in a circle, the circumference of which extends from Wisconsin to northern Florida.

WASHINGTON, March 25.—President Harding signed approximately 7,000 commissions for postmasters since his inauguration, it was made known today.

CHICAGO, March 25.—The Chicago & Alton railroad has announced a regular \$15 return trip from St. Louis with a 30 day stop over privilege. The new rate becomes effective on May 15 and ends on September 15.

EDWARDSVILLE, Ill., March 25.—Ray Renard and Harry Ruhman, both of East St. Louis, and Mrs. Lillian Chesson of East Alton, Ill., were indicted yesterday by the Madison county grand jury on a charge of robbery, in connection with the \$2,000 holdup of the Illinois State bank at East Alton last February 14.

BALTIMORE, March 25.—Maryland Day, the two hundred and eighty-eighth anniversary of the arrival of the Ark and Dove and the landing of Lord Calvert on St. Clement's Island, St. Mary's county, was celebrated today with appropriate exercises throughout the state.

SIOUX CITY, Ia., March 25.—Philip Tobin, 25, of Sioux Falls, S. D., is in a hospital with a fractured skull as the result of being knocked out of a third story window of a hotel in friendly boxing match with a companion. Doctors say he probably will live.

### RED CROSS TO MEET AT MURRAYVILLE

Will Be Held Friday Night March 31—State Official to be the Speaker.

A meeting of the Red Cross is scheduled to be held in Murrayville on Friday night, March 31st. The purpose of this meeting is to raise money for the work of the organization in the Murrayville community and a splendid program of music and talks is being planned. The pupils in the town and country schools of Murrayville are to give the program and much enthusiasm is being shown in the gathering.

Dr. Elizabeth Ball, of Springfield, pediatrician of the State Department of Health will be one of the principal speakers for the occasion. Miss Grace Carter, county chairman of the Nursing Activities Committee will also speak at the meeting telling of the Red Cross Conference which she recently attended in Des Moines, Iowa. The committee in charge of arrangements for the Murrayville meeting is also planning to take some musical talent from the School for the Blind to give a group of musical selections as part of the program. Miss Jacobina Reicke, Morgan County Red Cross nurse is in charge of the plans for the meeting Friday night.

### ROCK THROWING GHOST TO QUIT OPERATIONS

(By The Associated Press)

CHICO, CAL., March 25.—Confession of the responsibility for the rock showers of the past five weeks is contained in a letter signed "Ghost" received by the authorities today and considered by them as meriting some credence. The letter stated that "Ghost" had decided to quit operations when announcement was made that airplanes were coming to seek the rock thrower. "I have a little invention whereby I can shoot near the mark at 600 yards" the letter stated. "I elevated the rocks most of the time to about 200 yards. That is the reason they appear to come straight down."

"I may drop a few rocks today as a farewell token."

Seven rocks fell this morning. "Ghost" stated that he was going east to sell his invention which he said he operated from an automobile at different points.

Edward Collins of Prentice was among the visitors to the city Saturday.

## ILLINOIS FARMERS HAVE ONLY FORTY TWO PER CENT OF CROPS

Report of Agricultural Statistician Shows  
That While Many Farmers Held Their  
1921 Crops Much of It Has Been Let Go  
—Gives Figures of Reserve Grain on Farms

(By The Associated Press)

SPRINGFIELD, Ill., March 25.—Although many Illinois farmers, financially able, have held their 1921 corn crops for higher prices, only 42 per cent of the crop is still held in reserve on the farms and the present corn reserve in Illinois has been exceeded three times during the past ten years, according to A. J. Surratt, United States agricultural statistician here.

In his March report on Illinois crops, Mr. Surratt said: "It is estimated that 42 per cent of the 1921 corn crop of 305,966,000 bushels or 128,506,000 bushels remained on farms in Illinois on March 1, 1922, compared to 150,784,000 bushels on March 1, 1921; 117,361,000 bushels on March 1, 1920, and 132,691,000 bushels the average for the last ten years."

"The percentage of last year's crop that has been or will be shipped out of the county where grown is estimated at 27 per cent or 113,207,000 bushels, compared to shipments of 116,229,000 bushels from the 1920 and 98,830,000 bushels from the 1919 crop."

"The Illinois wheat reserves remaining on farms March 1, 1922, 82,173,000 bushels from the 1920 crop and 57,929,000 bushels from the 1919 crop. Reports indicate that 33 per cent of the 1921 barley crop of 4,550,000 bushels or 1,502,000 bushels remain on farms March 1, 1922 compared to 1,992,000 bushels March 1, 1921, 1,147,000 bushels on March 1, 1920, and the ten year average of 990,000 bushels. About 34 per cent of the 1921 crop or 1,547,000 bushels will be shipped out of the counties where grown compared to 1,605,000 bushels of the 1920 crop, and 1,577,000 bushels of the 1919 crop so shipped."

"Early Sales Necessitated. "The tendency to hold grain crops on farms to a heavier extent than usual necessitated the early sale of the bulk of the 1921 wheat crop to help meet financial settlements and living expenses. Wheat reserves are reported. (Continued on Page Sixteen.)"

### LOSS OF NITROGEN DEPLETES SOILS

This Statement of University of Illinois Instructor—Sweet Clover is Good Protective Growth.

URBANA, Ill.—The loss of nitrogen from soils through the action of natural agencies, notably leaching due to rainfall, is a large factor in the depletion of soils, Prof. Albert L. Whiting of the University of Illinois said recently. The average annual percentage of rainfall is more than fifty per cent, even where crops are raised during a part of the year, he pointed out, but the accompanying losses of plant food, especially nitrogen, are much less on the cropped than on the bare soils.

"It has been established by work conducted at the university's experiment station that large losses of soluble nitrates occur during the fall and spring. With a crop sown broadcast or drilled in, the soil is afforded considerable protection provided this crop is present on the land during the periods of disastrous leaching," he said. "The conservation of nitrogen during the spring and fall is best accomplished by the growth of leguminous crops because they require more nitrogen than grain crops and because they are able to grow more rapidly during these seasons of the year."

"Sweet clover will form an excellent protective growth, which during the fall, serves to prevent the rapid leaching of the soil and at the same time converts the soluble nitrogen into organic nitrogen, in which form it will be saved for future crops. Again, in the spring, sweet clover starts growing much earlier than most other crops and its growth is a still further source of protection during periods of heavy rainfall. "When it is realized that there may be from two to four times as much available nitrogen below the surface soil as in the surface, then the value of employing a 'feet-rooting' leguminous crop, such as sweet clover, for capturing this nitrogen, that would otherwise be lost, will be fully understood. Sweet clover is worth seeding for its protective action, regardless of any other of its beneficial effects on the soil."

The Chaminade Musical Club will meet Monday afternoon at the home of Mrs. D. N. Jones, 224 Webster avenue promptly at 2:30 o'clock. An American program will be given.

Miss Lettie Kumble was visiting in the city Saturday from Alexander.

### LINCOLN, NEBRASKA HAS LOG CABIN

Timbers Brought From Wisconsin—Is Located in Fashionable District of City.

LINCOLN, Nebr.—A log cabin, the timbers of which large and small, were brought from Wisconsin and the Navajo rugs that brighten the floor and tables they cover, picked up as souvenirs on a trip through Old New Mexico, is located in one of Lincoln's fashionable neighborhoods.

The cabin is in the basement of the home of Gov. S. R. McKelvie. It is the governor's private sanctum, the privilege of entering which is a favor granted only to his most intimate friends. The cabin resembles the interior of the huts that are seen only in pictures, but its fixtures come from many parts of the country. The massive stone fireplace was built of stones gathered from all states of the union through which Mrs. McKelvie and her mother have traveled. Nebraska's first lady built the fireplace herself, after the foundation tiles had been placed, mixing her own mortar and lifting the stones into position.

Among the Indian collection is the riding saddle of Chief Sitting Bull, who was killed by the Americans in 1888, and beaded square dresses and other finery given the McKelvies by the Indians from the Pine Ridge reservation.

The work of Mrs. McKelvie's brush is found on the walls in pictures of mountain, wood and lake, framed in the birch logs.

### WANT NO MORE TAX EXEMPT SECURITIES

Danville, Ill.—Prevention of the issuance of any more tax exempt securities by the United States government, "even if it requires an amendment to the constitution," is asked of congress in a resolution adopted by the executive committee of the Vermillion County Farm Bureau.

"The government has seen fit to issue or sanction the issuance from time to time of various securities that are tax exempt and which have offered such a profitable kind of investment as to attract large amounts of money," says the resolution. "On account of such investments, much property is not paying a fair share of the operating expenses for which taxes are levied thereby putting an undue burden upon other classes of property."

Miss Lela Bayliss and Miss Ida Norris went to Springfield today to spend the day with friends.

### ILLINOIS FARMERS HAY ONLY FORTY TWO PER CENT OF CROPS

(Continued from Page Fifteen.)  
especially low in most of the coun-  
ties in the section of the state ex-  
tending from upper east central to  
the lower west central portion.  
Following the recent upturn in  
grain feed prices, especially that  
of corn, there was a temporary  
increase in sales to provide cash  
for spring financing needs, but  
in the main the market movement  
of feed grains has been slow, due  
chiefly to the extremely unsatis-  
factory market prices, and the  
fact that the ratio of livestock  
prices to feed prices has again  
made farm feeding attractive.  
Generally speaking grain feed re-  
serves are substantially heavier  
for the Northern than for the  
Southern half of the state.

It is estimated that 86 per cent  
of the 1921 corn crop or 263,131,  
000 bushels was of merchantable  
quality. This compares with 82  
per cent or 257,539,000 bushels  
of merchantable corn for the 1920  
crop.

The estimated amounts of corn  
oats and barley that have been or  
will be shipped out of the coun-  
try where grown are somewhat  
less for corn and barley and de-  
cidedly less for oats than the  
1920 crop shipments. The chief  
causes contributing to this falling  
off in the shipments are—the un-  
attractive market prices for these  
grains, a market reduction in the  
size of the state oats crop from  
that of 1920 with slightly smaller  
corn and barley crops, grain has  
been fed freely to live stock, the  
improved prices of meat animals  
have not only served to increase  
feeding for heavier weight but to  
encourage increasing the number  
on farms, especially that of hogs  
for this season.

### What Cares He For His Neck!

A daredevil equestrian of the Bulgarian army takes his steed down a 10-foot descent. He was in danger of breaking his neck, but this exhibition was for King Boris and the royal family.

### JOHN G. OGLESBY HAS TWO TITLES

Has Title of Governor by Virtue  
of Being Elected Lieutenant  
Governor Twice — Also Called  
Judge in Old Home Town.

ELKHART, Ill.—John G. Ogles-  
by, privileged to enjoy the title  
"governor" by virtue of having  
twice been lieutenant governor of  
Illinois, is also known as "Judge"  
Oglesby in his home town of Elk-  
hart.

Some of the home folks call him  
"Governor" some "Judge" and  
more intimate ones just plain  
John.

Mr. Oglesby acquired the title  
"Judge" some years ago when he  
was nominated by the republicans  
of his home township and elected  
justice of the peace. He was  
"Judge Oglesby" when he became  
a candidate for lieutenant-gov-  
ernor in 1916 and was elected as  
first mate of Illinois' ship of  
state under Governor Frank O.  
Lowden.

When Mr. Oglesby aspired to  
become governor and came within  
a few thousand votes of the repub-  
lican nomination in 1920 the  
home folks here did all they  
could to elevate their neighbor to  
the position once held by his illu-  
strious father, "Dick" Oglesby. It  
was not in the cards for "Judge"  
Oglesby to guide the destinies of  
the good ship Illinois for four  
years but the home folks did not  
forsake the "Judge." They wait-  
ed for the spring of 1922, which  
is to say that the Republicans of  
Elkhart have decided that inas-  
much as Mr. Oglesby did not leave  
his farm here and move into the  
executive mansion at Springfield  
he might as well continue dispens-  
ing justice to troubled and dis-  
tressed neighbors.

"Judge" Oglesby's name is on  
the ballot as a candidate for jus-  
tice of the peace in the township  
election April 4.

### BLUFFS

BLUFFS, March 25.—Prince  
Barlow has returned from a two  
weeks' visit with his brother and  
family in Springfield, Mo.

C. M. Ritter and wife left  
Monday for their new home on  
the Ritter farm near Naples.

Mrs. Clarence Phillips was a  
visitor in Springfield Monday.

Mrs. Walter Baird of Taylor-  
ville is helping to care for her  
father, Mr. A. W. Baird, who is  
convalescing after a prolonged ill-  
ness.

The mothers of the pupils of  
the high school entertained the  
school teachers and pupils at  
Lewis' opera house Friday eve-  
ning in honor of the basketball  
team.

Miss Hazel Courtwright who has  
been engaged in Bluffs and  
Naples for the past week return-  
ed to her home in Springfield  
Monday.

Mrs. Carrie Sisson has gone to  
Hot Springs, Arkansas in quest  
of her health.

Miss Agnes Little was called to  
the home of her grandfather,  
James Hamlin on account of his  
serious illness.

Frank Parker, Standard Oil  
man attended the banquet at  
Jacksonville give at the Pacific  
Hotel Thursday in honor of the  
employees of the Peoria Division.  
He was accompanied by Frank  
Hellar.

Little Miss Janey Collins is seri-  
ously ill at her home from the  
attack of the flu.

Mrs. Lyle Bates and daughter,  
Marcella are the guests of her  
parents in Versailles.

Forrest Aekins is the prand  
possessor of a fine mandolin given  
to him by his father.

Mrs. Floyd House and daugh-  
ter, Iona Lee went to Spring-  
field Tuesday.

### WANTED

Everybody to see the Ice-  
less Refrigerators at Auto  
Show.

Baxter of Jerseyville, and Mrs.  
C. O. Daniels of Murrayville.  
There were vocal numbers by Mr.  
and Mrs. Harry Littleton in duet  
and Miss Bird Duncan.

A call was issued today for a  
law enforcement meeting in the  
M. E. church on March 31st., on  
behalf of the Anti-Saloon League  
of the county, the call being is-  
sued by R. C. Reynolds of Ber-  
dan, president, and E. L. Wen-  
dell of White Hall, secretary.

Miss Faye Hart is sending the  
week end at the home of her par-  
ents in Sinclair.

## In the New Models Studebaker Again Establishes Its Right to Leadership!

Nineteen twenty-one was a Studebaker  
year. Nineteen twenty-two is well under  
way—uncertain in most things, but as  
certain in one as tomorrow's sunrise. It  
will be a Studebaker year.

For the new models continue the intrinsic  
values that made 1921 a Studebaker year,  
PLUS the refinements suggested by an-  
other year of fine motor car building.

Beautiful new bodies have been designed  
and built complete by Studebaker.

Refinements have been made in equip-  
ment features that add to the comfort and  
the convenience of driver and passenger.

Refinements have been made in mechan-  
ical details that make driving easier and  
the shifting of gears an operation as  
silent as it is simple.

We are certain that the new models will  
maintain Studebaker leadership. We  
KNOW that you will be interested in  
them. We urge you to see them at the  
Automobile Show this week.

### Look for These Features in the New Special-Six at the Show

50-H. P., 24x34-inch motor with detachable head Improved clutch makes the shifting of gears unusually quiet and easy  
119-inch wheelbase Five passenger capacity  
New body of unusual roominess, built complete by Studebaker; finished in a deep, rich blue with refinements which make it even more beautiful than last year's model  
Cool ventilator controlled from dash Large beveled plate glass window in rear of finely tailored top  
Genuine leather upholstery Instruments, including 8-day clock, attractively grouped on dash  
Built-in thief-proof Yale transmission lock, ignition lock and lock on tool compartment in left front door—operated with same key  
Parking lights in lower corners of one-piece rain-proof windshield Windshield wiper Convenient tonneau extension light 32x4-inch cord tires

\*\*\*\*\*  
**VIRGINIA**  
 \*\*\*\*\*  
 W. C. Hoffstetter and son were Jacksonville visitors today.  
 George Leonard who spent last winter at the home of her Richard Leonard in Decatur,

returned to her home in this city Sunday.

Mr. Richard Way of this city is critically ill at the family home in this city.

Miss Nelle Iroine who suffered a broken ankle January 1st is able to be out and will resume her school duties in a few weeks.

Miss Dorothy Wankel was given a pleasant surprise on the eve of

her 21st birthday which occurred Tuesday at her home east of town. The evening was spent at cards and dancing after which a delightful supper was served. The guests were Misses Sue Elizabeth Downing, Mary Sudbrink, Helen Dooley, Ruth Way, Marjorie Newell, Emma Maslin, Jennie Finnegan, Harold Wankel, Mr. and Mrs. Louis Fox and Mrs. John Whitey of St. Louis.

The trial of Miss Dorothy Nash a teacher of Chapin, was heard in the court here yesterday.

Miss Nash brought suit to recover her wages as teacher in the Arenzville Schools where she had been discharged. Attorney D. J. Staley of Jacksonville was her lawyer. She was awarded judgment in the sum of \$450.00.

The case of Darland and Robinson charged with implication in the McIntire robbery here, also the trial of Elmer Young charged with the theft of about \$60 worth of guns, razors and pocket knives from the Rexroat store on March 18th, will be heard Monday.

The Chas. Walter Reid Post of the American Legion will give a minstrel show April 7th at the Freeman Opera House.

Mrs. W. C. Bowman has returned to her home in this city after spending several weeks at the home of her daughter Mrs. Edw. Milliner in Peoria.

Walt Kikendall of Bushnell, spent Monday in this city.

Mrs. Ralph Newell is a patient at St. John's hospital in Springfield.

Mr. and Mrs. Arthur Hill have been notified of the arrival of a daughter at the home of their son Mr. and Mrs. Herbert Hill in Springfield.

Mrs. R. H. Lanterman and children returned home Monday from a visit with relatives in Chatham.

# GULBRANSEN

Piano or Player Piano

ve got the neighbors

uessing.

"I've slipped something over Jim Watson and Ed Powers—the poor old fellows!"

"There they go now—home from work, look! They're listening and wondering who's playing."

"Jim always asks: 'Who plays so well your house?' He won't believe it's I. I know I never took a lesson in my life. I have 'em both over some night and open their eyes."

"Pedalling the Gulbransen is so easy and natural—no effort. And the 'Pedal touch' so responsive! I accent this or that note—I bring out a volume of tone, or submerge the music to a faint whisper. I play anything well."

Who's my teacher? That's easily answered—Gulbransen Instruction Rolls!"

You, too, can learn to play well, in an incredibly short time, with the help of the exclusive Gulbransen Instruction Rolls. Obtainable with no other player-piano.

You'll never believe you can do it until you try the Gulbransen for yourself. A quick proof put it to the test.

"New Book of Gulbransen Music"  
 Free on Request. Check Coupon  
 Check here if you do not own any piano or player-piano.  
 Check here if you want information about having a Gulbransen player action installed in your present piano (or player-piano). Write name and address in margin of this ad and mail to us, or call at our store.

### REVIVAL CLOSURE AT GREENE COUNTY CHURCH

White Hall, March 24.—A communication from Wrights Friday indicates the village has taken on a Christian aspect that is to be lasting. There will be services at 3 o'clock by Rev. J. W. Armstrong, followed with the Lord's Supper.

The music had a large influence in connection with the recent revival under Rev. Thomas Symons whose campaign had been given an impetus by a visit by Rev. Fred Peck just previously. The musicians were Miss Lucille Peno, pianist; Harry Johnson, Edward Mosier, Paul Kessinger, Carr Knapp, band instruments. An all day meeting and basket dinner characterized the conclusion on the 19th, and the new converts are as follows: Paul Wallace, Harley Short, Truman Stone, Royal Frazier, Henry Jackson, James Waltrip, Glenn Waltrip, Miner Davidson, Harry Alderson, Robert Walker, Lee Worley, William Brock, Benjamin Nottles, John Raffety, Elmer Flowers, Thomas Scott, Edward Mosier, Harry Johnson, Leslie Rexroat, Reuben Alderson, Lloyd Goels, Irvin Goode, Omar Goode, Don Goode, Elmer C. Waltrip, Wayne Royal, Ellis Kessinger, Bert Kessinger, Mr. Jones, Glenn Raffety, Eldon Vanmeter, Kenneth Heffner, Medames Zella Mosier, Bessie Kessinger, Julia Kessinger, Sallie Waltrip, Merle Ashford, Erma Raffety, Annie Stinett, Garnetta Reynolds, Misses Julia Kessinger, Hester Kessinger, Helen Kessinger, Louella Kessinger, Almada Raffety, Stacey Stinett, Ethel Jackson, Mayme Stone, Hazel Waltrip, Elma Waltrip. Ten others are reclaimed church members.

## WILL HOLD COMMITTEE MEETING TUESDAY.

E. A. Brennan, general chairman of the Chamber of Commerce committee appointed to assist the Morgan County Breeder's association in reorganizing the Morgan County Fair has called a special meeting of the entire committee to be held Tuesday afternoon at 4 o'clock for the final instructions before starting on their campaign the following day.

The committee anticipates little difficulty in raising the \$1,500 required in the city in as much

as the Breeder's Association has guaranteed to raise \$2,500 in the other parts of the county. The \$4,000 thus raised will be used in enlarging the fair, re-establishing racing in the county, building stables, building the fences and putting the race track in shape for horse racing this year.

## NATIVE FLOWERING TREES BLOOM SOON

About Forty Varieties Will Blossom Out Next Month—Red Bud of Judas Tree, Tulip, Pawpaw, Dog Wood and Buckeye First to Blossom.

Springfield, Ill.—Native flowering trees and shrubs of Illinois of which there are about forty popular varieties, will open their blossoming season next month, with the blooming of five of their number in rose pink, yellow, purple and white.

The first five of Illinois' blossoming trees, the Red Bud or Judas Tree, the Yellow Poplar or Tulip Tree, Pawpaw, Dog Wood and Buckeye, will hold their colors well into the month of May. Following them and throughout the remaining months of spring and summer sunshine there will be a round of other indigenous trees and shrubs, whose blossoms will appear on the selfsame branches that bore blossoms in previous years.

Below them will appear the wild flowers, entirely renewed each year, stems, branches, blossoms and all.

Common varieties of the flowering trees that are natives of this state are given below, with the color of their flowers, and the months of their blooming:

Red Bud or Judas Tree, rose pink, April and May.

Pawpaw, reddish purple, April.

Yellow poplar or Tulip tree, greenish yellow, April and May.

Flowering dogwood, greenish

white, April and May.

Buckeye, greenish yellow, April and May.

Water Ash, or Hop Tree, greenish white, May and June.

Wild Cherry or Choke cherry, white, May.

Stag bush, white, May.

Fringe tree, perfect white, May.

Wahoo, white, May and June.

Hawthorne, white, May and June.

Crab Apple, fragrant rose white, May and June.

Horse Chestnut, white, May and June.

Locust or honey locust, white, fragrant, May and June.

Clammy locust, rose, June.

Catalpa, white, June.

Linden, or bass wood, white, fragrant, June and July.

Common varieties of indigenous flowering shrubs are as follows:

Golden currant, April and May.

Wild Honeysuckle, pink and white, April and May.

False Indigo, violet purple, May and June.

Swamp rose, rose pink, June and July.

Pasture rose, pink, fragrant, May and July.

Wild rose, or Meadow rose, pink, June and July.

Prairie rose, deep rose to pale pink, June and July.

Red choke cherry, white to purple, May and June.

June berry, white, May and June.

Virginia Willow, white, May and June.

High bush cranberry, northern Illinois, white, May and June.

Red Bear berry, white or pink, May and June.

Swamp Honeysuckle, white, fragrant, June.

Lowbush blueberry, white, May and June.

Wild Hydrangea, pinkish white, June and July.

Button bush, white, fragrant, July and August.

Lead plant, bright blue, July and August.

Nine bark, white, June and July.

Snow Berry, white or pink, June to September.

Meadow sweet, white or pink, June to September.

Sleepy Bush, rose pink and purple, July and September.

## PUBLIC RECEPTION TO OPEN AUDITORIUM

Mayor Fred Kohler of Cleveland Has Set April 15 as Date For Opening.

CLEVELAND, O.—A public reception will mark the opening of Cleveland's \$6,300,000 public auditorium, which Mayor Fred Kohler has set for April 15. The citizens' committee which has undertaken to underwrite the operating expenses of the hall was expected to make its report within a few days, at which time Mayor Kohler said he would name the manager of the hall.

The first private attraction in the new auditorium will be the American Building Exposition, from April 22 to May 2 inclusive. It will cost \$1,000,000, or twice as much as the building exposition of 1916, according to Ralph P. Stoddard, its managing director.

An organ of 10,000 concealed pipes and 150 direct stops will be installed. It will be three stories high, 100 feet wide and 32 feet deep. The largest of the pipes will be 32 feet high. The console will be mounted on an elevator that it may be lowered below the auditorium floor when necessary. The echo organ will be 300 feet from the console.

The hall will seat 13,500 in its main auditorium and will afford some 75,000 square feet of floor space suitable for tournaments and exhibitions, including aeronautic displays. There is also provision for committee rooms, shower baths, rest and dressing rooms, and a barber shop. Spacious stairways and ramps or inclined passageways, have been designed to give ready passage from floor to floor and to permit the building to be emptied in a few minutes.

The building is designed in the Italian Renaissance style and is of steel construction. The exterior is faced with granite and limestone, the interior with marble, tile and decorative plaster.

Ladies and Gents Tailoring, Repairing, Cleaning, Pressing, while you wait. FRANKENBERG, N. Main.

Edward Carr of Belleville motored to Jacksonville Saturday to spend the week end with friends.

WE HAVE ARRANGED FOR A SPECIAL DISPLAY OF NEW PATTERN HATS DIRECT FROM NEW YORK CITY FOR AUTO SHOW WEEK, AT HERMAN'S.

Miss Dorothy Oehler of Arenzville and Miss Kathleen Oehler of Winchester were Saturday shoppers in Jacksonville.

## SHAW WANTS PROBE OF RIVER POLLUTION

Congressman Guy L. Shaw has submitted a resolution in the house of representatives for an investigation regarding the pollution of the Illinois river and its tributaries by sewerage of Chicago. The measure was referred to the committee on Rivers and Harbors and ordered printed. The resolution reads:

"Resolved, That the secretary of war be directed to transmit to the house of representatives the facts in his possession concerning the following:

"First. The amount of water now being diverted from Lake Michigan into the Illinois River by way of the Chicago Sanitary District Drainage Canal.

"Second. The effect and extent of pollution by the discharge of the Chicago Sanitary District Drainage Canal into the Illinois river on the plant and animal life therein.

"Third. The effect on riparian

lands by overflow based upon present actual flow of water.

"Fourth. The effect of the present flow of water on the cost of maintenance of drainage and levee districts.

"Fifth. The effect of the cost of maintenance and damage to riparian landowners if the authorized flow of four thousand and one hundred and sixty-seven cubic feet per second be increased to ten thousand cubic feet per second.

"Sixth. The effect on the water level of Lake Michigan and the other Great Lakes."

## CARD OF THANKS.

We desire to express our sincere gratitude to those who by us in the time of sorrow our beloved husband and passed away. We are especially thankful for the many beautiful flowers and for the service Rev. A. P. Howells of First Baptist church.

Mrs. William Imhoff and Children.

WHEAT, CORN AND  
OATS CLOSED LOWER

By Associated Press.  
CHICAGO, March 25.—A broad  
market with wheat prices fluc-  
tuating rapidly and the close  
near the low point marked the  
short session on the Board of  
Trade. Wheat closed with net  
losses of 11 to 2c, corn was off 1-  
2 to 1 1/2c, oats finished 1 to 1/2c  
lower; hard from 12 1/2 to 15c higher  
and ribs 30 to 32 1/2c up.

The wheat pit eastern bears  
attacked the May option at the  
start and were helped by some  
local traders. There was some  
excellent support for July, when  
these tactics brought the latter  
month to around \$1.17 and the  
first and subsequent declines were  
checked. The May received sup-  
port at around \$1.31 and the  
local shorts generally hurried to  
cover when this developed. The  
source of the buying was obscure  
but it evidently had its limits for  
when local longs tried to unload  
towards the close they found no  
takers and a decided slump  
marked the final thirty minutes.

Corn was weak from the  
start and the May went into new  
low ground for the present move-  
ment. Exporters bought corn at  
Omaha but domestic industrial  
demand seemed shut off and one  
bearish report was that plants at  
several mid-west points would be  
shut down because no feed was  
being sold and starch was piling  
up.

Oats merely fluttered up or  
down in the wake of corn.  
Provisions were considerable  
higher early but realizing sales  
checked the advance. Higher  
yards prices for live hogs and  
improved conditions in the Liver-  
pool provision market were the  
chief news factors.

**In Memory of Philip Goode Gillett 1856—1893**

(By J. W. Swiler)

At the anniversary exercises Friday at the Illinois School for the Deaf honoring the memory of Dr. P. G. Gillett an address of unusual interest was given by Prof. J. W. Swiler, now of Burlington, Iowa. Prof. Swiler was a member of the faculty of the school 42 years ago. Subsequently he became superintendent of the Wisconsin school.

Dr. Philip Goode Gillett, a native of Indiana came to the Illinois School for the Deaf as Superintendent in the year 1856, a young man, but with years of experience as a teacher of the deaf at Indianapolis and with complete command of a clear and eloquent use of the language of signs; as then used in all the state schools for the deaf in the country.

Eight months after he came to Jacksonville his Board of Directors placed themselves on record, saying: "We consider ourselves fortunate in having procured the services of Mr. Gillett; who is a gentleman of a strong and vigorous mind, an accomplished scholar, with experience in teaching the deaf and great skill in the use of the gesture language." Twenty years later they say: "With the advent of Philip G. Gillett as Superintendent of the Institution in 1856 it entered upon a new career of vigorous youth and expansion; his energetic spirit has driven the school, the noble, and even the Legislature before him and when this has been impossible he has sometimes waited for the rest to come up."

He soon secured the confidence of parents and friends of pupils, the enthusiastic co-operation of teachers and assistants, and was the first to appoint women as regular teachers, and to insist that those who undertook the education of the deaf should have a collegiate educational training, a sympathetic nature, and should come with a purpose to make it their life work. In consequence of this wise conclusion, carried out consistently with men and women, his corps of instruction always maintained a high standard of efficiency, with a fine spirit and great interest in their work, and professional growth, as evidenced by the fact that ten Superintendents have been taken from this school to be placed in charge of other similar State schools. In those days political consideration did not enter into the appointment of teachers, who were drawn, when possible, with experience in other schools; their principal recommendations being that they were experienced in the education of the deaf.

Prior to the year 1868, the gesture language known as the language of signs, was used in the school room to explain and illustrate written language, to conduct chapel exercises and lectures and to enforce discipline; but pursuant to a conference of instructors of the Deaf in 1867, in which it was shown that vocal methods could be profitably employed with many of the deaf, Dr. Gillett, ever ready to adopt the newest and the best methods, invited Miss Frances Rogers of the Clarke Institute at Northampton, Mass., to visit this school and instruct some of its teachers in methods of giving articulate

speech to the deaf. Miss Rogers came; and all were charmed by her graceful, pleasant manner of interesting both teachers and pupils in this new work. At once, in the school room, with a class of deaf children, she demonstrated that at least, some, perhaps, many of our pupils could be taught intelligible speech. In addition to the class, Miss Cornelia Trask, its teacher, and Miss Emily Eddy, a teacher from the Wisconsin school were initiated into the mysterious art of Visible Speech; that is speech that you could see, as well as hear. A class of speaking pupils was then formed with success that in both this school and also in the Wisconsin school, successful classes in articulate speech have ever since been maintained.

Dr. Gillett was a strong character and he made a big mark where ever he went; his voice had a clear ringing tone and his speech on every occasion, public and private, was impressive and convincing. He was a distinguished figure in any assembly, for, no less in speech than in manner, he was able to take the lead in discussions that involved subjects which his masterful mind had considered. He was a member of the Committee that arranged the First Uniform Sunday school lessons.

Dr. Gillett was usually one of the controlling members in any Conference or Convention of which he might be a part, whether of church or state. With definite, well considered opinions along educational, disciplinary and industrial lines his ideas were presented in a clear, concise, convincing manner that made him a leader whose presence indicated that he was a leader, whose endorsement of an enterprise, rarely failed to bring it to a successful conclusion. As a friend and father to the deaf of Illinois he cared for and educated them while in school and followed them up individually with assistance and advice long afterward. He was especially helpful in supporting evangelistic service for the deaf of Chicago in eloquent Sunday lectures at the expense of time and money. Cloud and Gallagher were among his distinguished pupils; and hundreds of others came under his benign influence in school, and were followed up in mature life.

Hundreds of girls and boys who came under his influence became honest, industrious, well informed, intelligent, self-supporting citizens who have proved their ability in the battle of life to maintain themselves in competition with normally endowed men and women in many and varied industrial pursuits.

The religious element in his nature was strong and his comprehension and explanation of Divine truths definite and complete. He was as forceful in speaking to an assembly of hearing people in church, convention, or Sunday school, as in addressing the assembled pupils of this school in chapel. Graphical sign-maker, he always held the attention of his audience whether of young or old people. We can best mark and celebrate his birthday by remembering and being true to the principles of virtue, honor integrity and honesty which he so vigorously maintained without cessation. Generations of pupils come and go, but the influence of the basic principles of truthfulness, thoroughness and honesty which his administration maintained still remain. Dr. Gillett was here before I came and remained long after I left, but the lessons I learned in this school have never been forgotten. Dr. Gillett's spirit so thoroughly permeated every department of the Institution that its pupils, obtained and carried home with them high ideas of courtesy, kindness and the social amenities of life which have influenced them in maturity. Of all the men with whom I have been associated he possessed more true greatness and consistent conduct than any other man I have known.

He taught us to respect and willingly obey the principles of law and order, yet with all kindness and in full sympathy with the habits and disposition of children. The Deaf are naturally loyal and affectionate when their trust is well founded and thousands of deaf people remember Dr. Gillett as their personal savior and redeemer from lives of ignorance and vice. I first met Dr. Gillett in 1865, when the confusion and poverty following the war of secession and the depreciation of our National currency was still felt; and at that time special effort was needed to reinstate the stability of trade and the moral, mental and physical forces of the country. In the Fall of this year Dr. Gillett, to advertise the school, gave exhibitions of the work of the pupils in writing, in composition and speech in many of the principal cities of the state; this displayed the intelligence, the learning, the beauty and the grace of one of the advanced classes in this school, whose versatile accomplishments, were a revelation and a surprise to us who saw such work for the first time, and brought many pupils into the school, whose parents had previously never known what a great work this school is doing.

Two years later in the Fall of 1867 pursuant to an invitation from Dr. Gillett I came to Jacksonville and became a resident teacher in the institution family, and it was like a great family then; the old basement was our dining room, with Dr. Gillett's family table in the center and the tables of the children clustered around, and there we had family prayers that included every one, and then a little later as we as-

sembled in the beautiful old chapel, Dr. Gillett or one of the teachers led the school in morning prayers inducing a profound devotional habit. The passage of years and the growth of the school has wrought many changes in buildings, in teachers and in the daily routine of the school; but I wish to believe that the intimate family spirit still prevails, and that there is no better nor more complete school than that which you have in beautiful old Morgan county.

A visible memorial of Dr. Gillett is not needed for those who once knew him or came in touch with him, for his memory is enshrined in the heart and impressed upon the memory of those who profited by his care and instruction during the impressive years of life, in which they spent a happy childhood where where they were better fed and cared for than they had ever been before; where their physical development and regular habits built up robust manhood; where they came from the depths of neglected mentality to knowledge which gave them freedom of expression and enabled them to assume and enjoy the liberty which this great State and Nation affords.

As my thought goes back to the day when Dr. Gillett was Superintendent of this school I am reminded of the efficient, official family that he gathered around him; there was Maria Sawyer and Letitia Westgate, Mrs. Bull and Ellen Berry, matrons, who so faithfully attended to the infinite wants of the large household. Jacob Braun in the cabinet shop, and Marquis, Brock, John R. Woods, Selah Waite and Frank Reed, Dr. Milligan and Henry C. Hammond, and Cornelia Trask, and Alvia Gaze, Jennie Eggleston, Frances Wood and other teachers making up a large and harmonious teaching force, while at the same time and in every department the spirit of the Master and the influence of the Superintendent was felt.

As a quiet, dignified Christian gentleman Dr. Gillett has rarely been surpassed for he was equal to the best and far above the average.

His public and private life was above criticism, he made friends wherever he went and those who knew him best loved and respected him most.

His plans were usually successful in face of opposition. He made practical use of that old motto: "If at first you don't succeed, try again," or that other sentiment: "Never Give Up." He often said, "If you think you can do a thing you can usually do it."

And so, we come here to talk of Dr. Philip G. Gillett years after he has passed from view but not in any manner forgotten.

As we hold Washington in grateful memory as the Father of His Country, and Lincoln, the Martyred Savior of the Great Republic; to the deaf of Illinois do well to cherish and revere the memory of Dr. Gillett, their Deliverer from the shades of Ignorance, and their introduction into the beautiful, illuminated, illuminable Halls of Knowledge.

**OUR AUTO SHOW THE BEST EVER. OUR READY TO WEAR GARMENTS and MILLINERY THE PRETTIEST AND BEST FOR THE LEAST MONEY AT HERMAN'S**

**TO ORGANIZE FARMER OWNED COMMISSION**

Chicago.—Steps are to be taken at once for the organization at the Chicago stock yards of a farmer-owned and controlled co-operative live stock commission firm similar to the one now in operation at East St. Louis, it was announced recently by the Illinois Agricultural Association.

The following six directors have been named to set the machinery of organization in operation: George W. Briley, Carthage, Ill.; Warren Crabb, Delavan, Ill.; George McKerrow, Pewaukee, Wis.; A. Sykes, Ida Grove, Ia.; M. Sar, Essex, Ia.; and Frank Coyne, Montrose, Ia.

A seventh director is to be appointed upon the recommendation of these six. All of the directors are live stock producers. The announcement of the Chicago co-operative commission firm comes as a sequel to plans for like associations of producers at the Peoria, Buffalo and Indianapolis stock yards. All are to be under the guidance of the National Live Stock Producers' Association, a national co-operative organization of live stock men with headquarters at Chicago.

The first and at present the only farmer-owned commission firm under this plan to be actually operating is at the East St. Louis stock yards. Beginning business Jan. 2, 1922, the firm has ranked first or second during the last four weeks in the amount of business transacted as compared with fifty commission firms at the yards, it has been announced.

**GARBAGE NOTICE TIN CANS**  
Please place all tin cans out front on West College street for Tuesday, and Grove street for Thursday.

**GARBAGE DEPARTMENT.**

**WILL CELEBRATE 90TH BIRTHDAY.**  
Thomas Stringer living southwest of the city will quietly celebrate his ninety-sixth birthday today. A postal card shower will be given him. Although Mr. Stringer has reached an old age he is still hale and hearty and may yet live to see many more birthdays.

**CHICAGO & ALTON TO CUT TOURIST RATES**

The Chicago and Alton railroad has announced greatly reduced Summer Excursion fares from all points on its line. To destinations in the West, tickets will be sold at one fare and one-tenth for the round trip. To Michigan, Wisconsin and Minne-

sota, tickets will be sold at one fare and one-half for the round trip. To destinations in the East and North-east, tickets will be sold at one fare and three-fifths for the round trip. Tickets will be sold daily May 15th to September 30th inclusive, except to the Colorado and Wyoming territory and the National Parks, the sale will not commence until June

1st. All tickets will be limited to October 31st. There also will be on sale tickets with a 20 or 30 day return limit at one fare and one-third for the round trip to destinations in Michigan, Wisconsin and Minnesota.

William Sargent of Markham paid the city a visit yesterday.
